Memorandum:

Request for transfer of Dominion Lands under Section 27 of the Soldier Settlement Act.

Re: William Roberts,
S.E.¼ 19-28-10 W.4th - S.G.

The above described land was secured by this settler under soldier grant entry. The settler has made default in the terms of his agreement with the Board and abandoned the land. His agreement has been rescinded.

The settler was established with a loan in October 1920, and in due course secured advances from the Board amounting to $2174.59, as follows: removal of encumbrances, $587.40; permanent improvements, $614.75; stock and equipment, $746; special advances, $226.44. As security the Board holds a charge on the settler's soldier grant. The only other land security in this case is title to the S.W.¼ 19-28-10 W.4th.

The settler abandoned his farm in March 1921 leaving his stock and equipment uncared for. The settler was written to on several occasions but no reply was received. The Board had no alternative, therefore, but to institute Adjustment Proceedings. Thirty Day Notice was forwarded to the settler on the 13th of July, 1921, to which no defence was filed.

The settler's indebtedness amounts to $2596.26. The appraised value of the soldier grant is $560. The latest valuation placed on the quarter-section to which we hold title is also $560. No arrangements have been made for the disposal of this land and no offers have been received.

The land in question being charged land within the meaning of Section 27 of the Soldier Settlement Act, and the settler being in default with respect to the terms and conditions of his agreement made with the Board, it is hereby requested that the right, title and interest of the said settler in the above land be forfeited and the said right, title and interest of the settler and also the right, title and interest of His Majesty to and in the said charged land be vested in the Board.

The Board has an effective charge on the land under the recent amendment to Section 26 of the Act, as all the advances referred to in the second paragraph hereof were made to the settler subsequent to his entry for his soldier grant.

A Vesting Order for signature is attached hereto.

MEMORANDUM

APPLICATION TO PURCHASE

of
Clyde P. Smith,
Frac. N.½ of Section 22, Township 34, Range 10, West of the 4th Meridian, lying south of lake, containing 24.4 acres, shewn on sketch attached, hatched in red.

I beg to submit for consideration and decision the application above referred to. The land applied for is available according to the records of the Department and the applicant on the 21st March, 1910, was granted homestead and pre-emption entries respectively for the S.E.¼ and S.W.¼ of the section referred to. These entries are shewn bordered red on the sketch and comprise a total area of 319.40 acres.

I might say that Mr. Smith's application covers the whole of the fractional N.½ of the section in question, but as the part lying north of the lake does not adjoin his entries, his application to acquire the same need not be considered; and in any event the fractional N.W.¼ lying north of lake is not available, having been entered for in Aug. last by Milo Anger.

In my opinion Mr. Smith should be permitted to purchase the fractional N.½ of the section lying south of the lake, containing, as aforesaid, 24.4 acres, the sale of the area included in the E.½ and N.W.¼ of this section to be subject to his earning title to his homestead and pre-emption entries respectively.

of [illegible] Curtis,

[illegible] of section [illegible] lying north of lake, township 44, range [illegible], West 4th Meridian, containing [illegible] acres, shown hatched in red on attached township plan.

I beg to submit, for consideration and decision, the application above referred to. The land applied for is available, according to the records of the department, and the applicant, on the 24th February last, was granted homestead entry for the adjoining fractional S.E.¼ of the same section. This entry, shown hatched red on the plan, comprises an area of 110.60 acres.

Mr. Curtis, in reply to his former application made in February last, was told that the imposition to him of the land applied for in connection with his homestead would afford him control of too extensive a water frontage. In his present application he calls attention to the concession granted Mr. Clyde P. Smith to purchase the portion of the N.½ of section 11, of the township in question, lying south of lake, (this sale was authorized subject to the purchaser's obtaining title to his homestead and pre-emption entries for the adjoining S.½ of the same section, file No. 183[illegible], herewith) and points out that the water frontage in this case would exceed that which he would have should his application be granted, [illegible]

Mr. Curtis represents that the lake, shown on the plan as affecting the said lands, is only a slough which

MEMORANDUM

APPLICATION TO PURCHASE

of George L. Curtis.

Prov.F.W.I. Section 23, Township 34, Range 10, West of the Fourth Meridian, [illegible],

containing 79.70 acres, shewn on sketch attached, hatched in red.

I beg to submit for consideration and decision the application above referred to. The land applied for is available according to the records of the Department and the applicant in February last was granted homestead entry for the fractional N.E.¼ of the same section, containing 110.60 acres, shown bordered red on the sketch.

Mr. Homestead Inspector Magee reports that the land is of no value for agricultural purposes, being alkali and gumbo flats. He adds that it would be valuable to a settler on adjacent lands as pasture and is worth $7.00 an acre.

In connection with this application, I would call your attention to my memorandum of the 8th May last, hereunder, wherein Mr. Curtis' claims for the land are set forth at length.

On March 16, 1915, William Eugene Thiel obtained a seed grain advance of $111.00 from the Department of the Interior. He has made no repayment and with interest to July 31, 1935 he owes $228.35.

He obtained the advance on the security of a lien charging S.W. 35 and S.E. 34-4-9-4, his homestead and pre-emption.

He is registered owner of S.W. 35-4-9-4 and the lien appears on title thereto subsequent to a mortgage held by Netherlands Investment Co. of Canada, under which about $500 is owing.

He held entry for S.E. 34-4-9-4 but his entry was cancelled after he had executed a declaration of abandonment in favour of his wife, who thereupon filed homestead entry but was not required to assume the seed grain indebtedness.

He became registered owner of N.W. 35, S.W. 36 and N.W. 26, all in 4-9-4 in 1919, 1933 and 1934, respectively and liens were duly registered on the titles to these properties also.

The debtor has applied for adjustment of his seed grain indebtedness and has tendered $170.00 in settlement.

He paid $500 to a homestead inspector on September 13, 1929.

He alleges that he is under the impression that he instructed that a part of that sum was to have been applied in settlement of his seed grain indebtedness.

Actually it was applied on the purchase price of his pre-emption of which he then contemplated abandonment.

He is in fair financial circumstances because, after frequent crop failures, there have, in certain parts of the Foremost district, where he farms, been two or three fairly good crops.

If his offer is accepted the amount of the original advance and interest at the rate of about 3% per annum for about twenty years will have been recovered, while an efficient producer will be assisted.

In the circumstances, I recommend acceptance of the offer. I enclose cheque for $170.00 payable to you.

If you further the recommendation the unpaid balance of the indebtedness should be written off by the Department of the Interior and liens as listed hereunder should be released from all the property of the debtor including the properties described herein:-

Liens for $111.00 registered as instruments numbered 9766 D.F. and 856 B.Q.

Yours truly,

Chairman.

RLJ/JI.

Joint Relief

The above named party obtained the following advances for Joint Relief:

Apr.22/30 $ 220.00

There is no land security for this advance as the property which the debtor was farming was rented land.

Mr. Walker failed in his farming operations in the Medicine Hat district and moved first to Hipp, Alberta, where he endeavoured to re-establish himself and was allowed to take with him the stock on which he had given a chattel mortgage.

He, however, did not seem to meet with any better success and moved again to the Olds District and from there to parts unknown.

The debtor eventually found it necessary to abandon the above part of the province and moved to Iron Springs where he entered into an agreement to purchase a quarter section. In 1931 a statement taken from this individual as to his financial position indicated that his liabilities exceed his assets by a considerable amount. The debtor died shortly thereafter and in view of his position there was no possibility of obtaining repayment under the personal covenant from the proceeds of the estate.

Title to the above land was subject to a mortgage registered prior to the [illegible] under which foreclosure action was consummated in 1928 resulting in title being vested in the name of the mortgagee free

As there is no possibility of obtaining repayment under the personal covenant and as no security remains I would recommend that the balance outstanding be written off.

Provincial Seed Grain Advances of six hundred and sixty-four dollars and sixty-five cents ($664.65) have already been cancelled.

Sir,-

S.E. ¼ of Sec. 30 Tp. 4 Rge. 8 West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Sir,-

N.W. ¼ Sec. 14 Tp. 4 Rge. 9 West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an Amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unperfected pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

Commissioner
of Dominion Lands.

The attached report, with recommendations of the Chief Collector of the Collection Branch, Department of Municipal Affairs, dated February 5,1949, has been submitted to the Agricultural Relief Adjustment Board, and in the opinion of the Board the proposed adjustment is fair and reasonable, and it is desirable that it be accepted.

Dear Sir:

Re: Ls 26,NW 14-4-9-4.
Joint Relief Advances.
Michael J. Dorsey Estate.

The above party obtained the following Joint Relief Advances.

Joint Relief.	
July 21/20	120.87
Aug. 30/22	170.00
	290.87
Int. Dec. 31/48	553.82
	$844.69

Information obtained years ago from the former Municipality indicates that the lien for one hundred and twenty dollars and eighty-seven cents ($120.87) was registered on the title to the LS 26 and the NW 14-4-9-4 while the lien for one hundred and seventy dollars ($170.00) was registered on the title to the Ms 14 and the NE 26-4-9-4. Recent searches, however, disclose that the only lien registered as security for these advances is the one for one hundred and seventy dollars ($170.00) which appears on the title to the NE 26 and the NW 14-4-9-4 the other parcels standing in the name of individuals other than the debtor free of any such liens. That portion of the account covering the advances of one hundred and twenty dollars and eighty-seven cents ($120.87) is accordingly unsecured.

The debtor is now deceased and the executors of the Estate are endeavouring to dispose of the assets and settle the liabilities and at the same time salvage some small amount for the widow who has no other means of livelihood. The executors have tendered the sum of two hundred dollars ($200.00) in full settlement of this account and as this amount represents somewhat more than the original amount of the secured advances it is my opinion that the offer should be accepted particularly as the land of the Estate,the NE 26 and the NW 14-4-9-4 is of very low value

Sir,

Re ½ of 7-5-4-4, 4th M.

With further reference to your letter of the 17th of June last, I beg to inform you that while the Department of Militia and Defence has no record of the enlistment of Alfred Johnson, it appears that one "Alfred Johnson" enlisted on the 5th of April, 1916 with the 175th Battalion, C.E.F., (Regimental number 096639) and that he was struck off the strength as from the 16th of August, 1916 as a deserter. His next of kin is stated to be his father, H. Johnson, New Hendon, Maine, U. S. A.

In any case inasmuch as the late Mr. Johnson was not on active service at the time of his death, his legal representative will require to complete the unfulfilled settlement duties as to improvements and cultivation; residence on the part of the legal representative being dispensed with, in other words patent for the homestead may be granted on proof being furnished that a habitable dwelling house has been erected and that thirty acres have been brought under cultivation, a reasonable proportion of the same being cropped in each of two of three years.

With regard to the pre-emption it will be necessary for the legal representative to break fifty acres either on the homestead or pre-emption or both in addition to the thirty acres of breaking required for the homestead and meet payment in full of the purchase price at $3.00 an acre.

Should the late Mr. Johnson have died intestate, that is to say without leaving a will, it will be necessary for his legal representative to take out letters of administration in the Surrogate Court

for

Sir,

I beg to acknowledge the receipt of your letter of the 28th ultimo, in which you ask for an extension of time within which to take up the duties in connection with your homestead and pre-emption entries the North ½ of Section 32, Township 5, Range 8, West of the 4th Meridian. In reply I beg to inform you that such an extension of time can only be granted on account of an entrant having met with uncontrollable and unforseen circumstances which renders it very difficult or actually impossible for him to fulfil his duties. Protection is not to be given for the more convenience or profit of the entrant.

It will therefore be necessary for you to satisfy the Local Agent at Lethbridge that you are in residence either on your homestead or pre-emption on or before the 25th of September next, in a habitable house and with the intention of remaining thereon and complying with the requirements of the regulations.

I am to warn you that failure to comply with these instructions will render your entries liable to cancellation.

A copy of this letter is being sent to the official mentioned for his information and guidance.

Your obedient servant.

Memorandum:

Mr. Hume.

Re N.½-32-5-8-W.4th M.
Homestead & pre-emption of
Alfred Johnson, deceased.
Entries granted 25th May, 1916.

It would appear that this entrant secured entry and enlisted under an assumed name, his real name being Alfred Christensen, Mrs. Alfred Christensen having written the Department to this effect. It seems clearly established that he enlisted under the name of Alfred Johanson on the 5th April, 1916, was struck off the strength as a deserter in August of that year and died in Butte, Montana, in February, 1920. It does not appear that any duties have been performed nor that anything has been paid on the pre-emption.

The evidence with regard to the identity of Alfred Johnson and Alfred Christensen is fully set out and discussed in Mr. Powell's memorandum of the 30th November last on which it was decided that unless the matter was cleared up within a reasonable time by filing Letters of Administration and commencing the duties, the entries should be cancelled. Mrs. Christensen was fully advised by a letter dated the 13th December last and requested to state her intentions, being warned that if not heard from by the 1st April the entries would be liable to cancellation.

Nothing has been heard from her and it is suggested that the entries might be cancelled.

INTERIOR
DOMINION LAND BRANCH

re S.E. of [illegible]
Homestead and pre-emption of
Alfred Johnson, deceased.

Referring to the statement made by you on the 5th June last, with reference to the circumstances under which your deceased husband, the late Alfred Christensen, came to assume the name of Alfred Johnson, I beg to inform you that if you have any intention of completing the settlement duties requisite for obtaining patent for the homestead and pre-emption, it will be necessary for you to take out Letters of Administration of the estate and furnish the Department with a copy thereof, certified by the clerk of the surrogate court of the judicial district in which the land is situated, for which purpose it would be advisable for you to consult a lawyer.

Mention might be made of the fact that some time ago one, L.W. Johnson, whose last known address is c/o Y.M.C.A., Butte, Montana, wrote the Department requesting permission on his own behalf to administer the estate; advancing the plea in connection therewith that you do not intend doing so. Nothing having been heard from you in regard to the matter, Mr. Johnson was advised that he would be given a limited time within which to file letters of Administration. However, he has not come so.

When you have established your position as administratrix of the estate in the manner aforesaid, you will require to execute a declaration identifying your deceased husband, Alfred Christensen, with the entrant, Alfred Johnson, as it will be necessary to amend the records by making the necessary alteration as to the name in which the entry stands, but this matter can stand over until after you received Letters of Administration, it being assumed that the homestead is intestate, that is to say, without having a will.

I am,

Mrs. Isabella Christensen,
2105 State Street,
Butte,
Montana, U.S.A.

I may add that if Letters Probate of Will or Letters of Administration as the case may be, have been granted out of a court in another province or in the United States, it will be necessary to have such Letters re-sealed in the proper court of Jurisdiction in the Province of Alberta. It would appear that the court of the district in which this land is situated sits at Medicine Hat, Alberta, and the matter should, therefore, be taken up with the clerk of the court there.

With regard to duties, it does not appear that your deceased husband is entitled to credit for military service but in view of his death, further residence is dispensed with, and in order to obtain patent it will only be necessary for you to erect a habitable dwelling house and bring thirty acres under cultivation in connection with the homestead, and an additional fifty acres in connection with the pre-emption, a reasonable proportion of the land being broken and cropped in each of six years. Provided that if it is shown that fifty acres have been broken in respect to the pre-emption, on completion of duties for the homestead, application for patent for both quarter-sections may be made when such homestead duties have been completed. Before patent could be issued for the pre-emption, however, it would be necessary for you to complete payment of the purchase money at the rate of $3.00 per acre, or $480.00 with interest, a statement of which will be furnished you when required. The law further makes provision that where a settler is unable to meet this indebtedness when making application for patent, a Certificate of Recommendation may be issued on application through the local Agent, under and by virtue of which the holder thereof may mortgage, assign or transfer his interest in the pre-emption prior to the issue of patent and from the proceeds of this transaction discharge his indebtedness to the Crown.

I may add that these entries were made on the 26th May, 1916, and the right of the estate to the homestead is liable to forfeiture for failure on the part of the entrant, and his legal representatives since his death, to complete the duties and make application for patent within five years from the date thereof. Under the circumstances, I am to ask you to be good enough to state your intentions by return of mail. If you are not heard from by the 1st April next, the entries will be liable to cancellation.

A copy of this letter is being forwarded to Mr. T.J.Johnson, above referred to, for his information.

Your obedient servant,

Assistant Secretary.

M.F

File-1867328
1840147

Ottawa, 30th November, 1921.

MEMORANDUM:

Re N.½ of 32-5-8, W.4th M.
Homestead and pre-emption of
Alfred Johnson.
Entries granted 25th May, 1916.

There is evidence on file in this case which would seem to indicate that the legal name of this entrant is Alfred Christensen. The alleged reason for adopting the name "Johnson" is that after enlisting under his own name Christensen deserted from the Army. He enlisted a second time as Johnson and it was after this that he made his entries.

The Department has been in communication with one, L. M. Johnson of Butte, Montana, who although he does not claim to be a relation states that the entrant died in February, 1920, and that as his widow was not prepared to take out Letters of Administration and complete the duties, he was prepared to do so if given an opportunity. On the 1st March last, Mr. L.M.Johnson was granted until the 1st June, 1921, within which to file letters of Administration but he has not done so.

The Deputy Minister's Office has been furnished with some correspondence and attached to the file is a copy of a letter from Mrs. Isabella Christensen of Butte, in which she states that her husband enlisted at Regina in 1916 but deserted on account of alleged abuse and illtreatment and proceeded to Calgary where he enlisted again in the 175th Battalion under the name of Johnson.

The Militia Department has forwarded photostats of the Attestation papers of both Alfred Christensen and Alfred Johanson, and there is not much doubt that the signatures are those of one and the same man, although the letter "A" in the word "Alfred" has been differently formed. There is, however, considerable difference in the information furnished by the recruit. In the case of Alfred Christensen his place of birth is given as Trondhjem, Norway, and his next of kin as Mother, Mrs. Hansen, his former occupation being that of a sailor. In the medical report attached, this man's eyes are said to have been grey. In the case of Johansen, New Sweden, Maine, U.S.A., is given as place of birth, father as next of kin, and medical report gives eyes

brown. The Ages agree to within a few months but the height differs slightly.

These details, however, with record to identity are seemingly of no importance as far as I am aware. Johnson or Johanson also deserted and according to the story told by his wife, returned to Butte where he died from Consumption in February, 1920, and the only question now is one of Administration and completion of duties by the legal representative of the estate.

Under the circumstances, if Mrs. Christensen is in a position to establish identity of Alfred Christensen with the late Alfred Johanson to the satisfaction of the Judge of the district court in which she has her domicile, or of the district court in which the land is situated, she might take out Letters of Administration in the name of Alfred Johanson and execute a declaration for the information of the Department as to the identity of Alfred Christensen with Alfred Johanson, the entrant, and on receipt of same with Letters of Administration, I think the Department would be justified in allowing her to complete the duties.

On the other hand, if, as claimed by Mr. L.M.Johnson, she does not propose to take any action in the matter then presumably Mr. Johnson might be recognized by the Department provided he furnishes letters of Administration and declaration of identity as aforesaid.

One point is clear, the estate is not entitled to any consideration by reason of the enlistment either of Alfred Christensen or Alfred Johanson, and the case merely resolves itself into one of a person making entry under an assumed name. Had the man lived, on the facts being made known to the Department, he would have been required to execute a declaration and have the entries recorded in his legal name and there would appear to be no reason for taking a different line of action in view of his death as regards that feature of the case.

I would suggest that Mrs. Christensen be advised definitely along these lines and granted a specified time within which to establish her position and prove identity in order that the entries may be recorded in the proper name of the deceased, and it might also be pointed out to her that the Department has been in communication with Mr. L.M.Johnson in order that she may have a chance to refute his statement that she does not intend to proceed with Administration.

Home Lead - Alfred Johnson.

[illegible] 32-5-8-W.4th M.,
Pre-emption - Alfred Johnson.
Entries made 25th May, 1916.
.....

I beg to return your reference 2689, in which enquiry is made as to the widow of the above mentioned settler obtaining patent for the land.

You will observe that the above entries were made in the name of Alfred Johnson born in Maine, U.S.A., and gave as his next of kin, Petrus Johnson, (brother) Norway. This man enlisted as #639 "C" Company, 175th Battalion. The Militia Department report that they have no record of Alfred Johnson, but they have record of Alfred Johanson #696629, in the 175th battalion at Medicine Hat. This man was struck off the strength as a deserter on the 16th August, 1916, next of kin, N. Johanson,(father) New Sweden, Maine, U.S.A., From the particulars on file identity would appear to be reasonably well established.

This Department has been in communication with L. M. Johnson, Butte, Montana, (relationship not stated) who reports that the entrant died in February, 1920, leaving a widow who is willing to abandon the land in his favour. The Department has allowed until the 1st of June next, to file Letters of Administration.

F. H. Lory, Esq., C.M.G.,
Deputy Minister of the Interior,
Ottawa.

Your

Your reference sets forth that the real name of the entrant is Alfred Christensen and that his widow wishes to take out administration and obtain title. Before this Department could recognize letters of Administration in the name of Christensen a very detailed and satisfactory explanation would have to be furnished as to the circumstances under which Mr. Christensen adopted the name of Johnson when making entry. We have no record here of any previous entry in the name of Alfred Christensen. The fact that the entrant is deceased will render it a somewhat difficult to straighten out the case to the satisfaction of the Department. I think the first step would be to require the widow to submit whatever evidence may be in her possession to support her request that the Department should assert letters of Administration of the estate of Alfred Christensen.

Respectfully submitted.

Department of the Interior.

Ottawa, 1st March, 1911.

Sir,

re A. J. [illegible], 4th E.

I am to acknowledge your letter of the 20th January last, informing the Department that Mrs. Alfred Johnson is prepared to renounce in your favour her interests in the estate of her deceased husband, as affecting his former homestead and pre-emption, the half-section above mentioned, and asking that you be granted sufficient time within which to take out Letters of Administration in Canada.

In reply I beg to say that it has been decided, under the circumstances, to grant you until the 1st June next within which to furnish the Department with a copy of Letters of Administration certified by the clerk of the Surrogate Court of the Judicial District in the Province of Alberta, in which the land lies.

With regard to your request for a homestead map to enable you to ascertain the exact location of the half-section, I beg to enclose herewith a map showing the land marked roughly in blue pencil. As you will observe the land lies to the north of Lake Lakowki and about three miles south of the town of Lakowki on the Canadian Pacific Railway. The town is not shown on the map, however.

You have already been advised fully of the duties required on the part of a legal representative before letters patent for the half-section can be issued in his favour. It will be necessary for you to do something on the land this summer, and as an evidence of good faith you might state your intentions.

encl.

Your obedient servant,

Assistant Secretary.

at Regina on 9th December, 1915, and was subsequently struck off strength as a deserter from 21st April, 1916. Private Christensen stated he was born at Trondljen, Norway, and gave his next-of-kin as Mrs.Hanson (mother) residing in Norway.

It will be noted that although the entrant is alleged to have enlisted and made entry under assumed names, both when applying for entry and when enlisting, he gives his next-of-kin with surnames similar to his own, i.e., Johnson in one case, and Johanson in the other. Furthermore, Alfred Johnson gives the "United States" as the country of his birth, whereas Private Christensen gives "Norway". However, the man may have assumed a different nationality and set of relatives with each new name.

I would suggest that the Militia authorities be requested to furnish copies of the Attestation papers of both Alfred Johanson and Alfred Christensen, so that the different particulars might be compared. I would also suggest that an enquiry be addressed to the next-of-kin of Alfred Johanson as given by the Militia authorities: H.Johnson, (father), New Sweden, Maine, U.S.A.

Memorandum:

Mr. Hume.

Re.- N.E.¼ 32-[illegible] W.4th M., Homestead.
N.W.¼ 32-[illegible] W.4th M., pre-emption.
Alfred Johnson, deceased.
Entries granted 25th May, 1916.

This is a case where the entrant apparently secured entry under an assumed name, and the Department requires to establish identity.

When making entry the homesteader gave his next-of-kin as: Petrus Johnson, Melhus, Trondhjem, Norway. On the 30th May, 1916, the entrant filed a certificate of his enlistment with the 175th Battalion, under the regimental No.639, and was advised that his entry would be protected. The next attachment on file is a letter dated the 17th June, 1920, from L.M. Johnson of Butte, Montana, reporting the death of the entrant in Butte in February, 1920, and enquiring in regard to his heirs and also his interest in the above land.

A report from the militia authorities states that there is no record of an Alfred Johnson, but states that Alfred Johanson, #696639, enlisted on the 9th April, 1916, and was struck off strength as a deserter on the 16th August, 1916. The next-of-kin is given as: H.Johanson, New Sweden, Maine, U.S.A. Further communications were received from L.M.Johnson, which set out that he had got in touch with the entrant's widow, and that she wished to assign her interest in the land to him. He was advised of the necessary duties, and also in regard to securing administration.

In April last, the Deputy Minister was in receipt of a communication to the effect that the real name of the entrant was Alfred Christensen. A statement dated the 2[illegible]th ultimo, and signed by Isabella Christensen, sets out that the reason he enlisted under an assumed name was that he had enlisted first under his own name, and deserted on account of abuse and ill treatment. He was afraid of being apprehended by the militia authorities, and he re-enlisted under the assumed name at Calgary in the 175th Battalion.

A report from the Militia authorities shows that Private Alfred Christensen was attested with the 6[illegible]th Battalion -at Regina-

IN THE MATTER of the North-east Quarter-section of Section 32, Township 5, Range 5, of the 4th Meridian, Homestead Entry, Number 38776,.

I, Frederick Johnson, of Leeds, North Dakota, U. S. A., do solemnly swear:-

Re

In reply to your letter I would say that I am desirous of securing a section of land in the vicinity of Lake Dauphin, Manitoba. I would like a section of the same description as that which I have at present under cultivation. I would also respectfully ask for an extension from the 25th of this month, which date I ought to be located on same, as my family are now at school there and I would like to get them out in the Spring when I will have a place ready for them. I am at present making out to raise the money to pay for up and I trust my petition will meet your favourable

I beg to acknowledge the receipt of your letter of the 4th instant, and in reply to say that it is not the practice of the Department at the present time to protect entries beyond the 1st of September next.

If at some later date you will make application for an extension of time in connection with your homestead and pre-emption entries for the North half of Section 9, Township 29, Range 21, west of the 4th Meridian, your request will receive careful consideration

Entrants are expected in every case to bring the required area under cultivation. Where they have been unable to fully meet the requirements by reason of woods, rock, or the broken character of the surface, the area required may be reduced at the discretion of the Minister, and application for patent will be taken subject to acceptance by the Agent and Department after inspection and report by a

If, in view of the nature of your land, you consider you are entitled under the regulations, a Handbook of which is enclosed herewith, to substitute stock in lieu of the cultivation required, you should so notify the Dominion Lands Agent at Calgary, when a Homestead Inspector will be detailed to visit your land and report in connection therewith for the information of the Department.

Pre-emption - John Peschler.
Your Ref.-45353.

I have your letter of the 12th ultimo, forwarding here Homestead Inspector Bembry's report in connection with the above land, as well as the application for patent.

In his report the inspector states that Mr. Peschler's pre-emption is totally unfit for cultivation and recommends that he be allowed to obtain title for same by the substitution of stock in lieu of cultivation.

The Inspector does not state whether the amount of cultivation required can be broken on the homestead, and it will be necessary for the Department to be in possession of this information before deciding whether the pre-emption may be proved up under the stock regulations.

Kindly ask the Inspector to make a report in this matter.

Sir:

I would like to get some information concerning my homestead, Entry No. 9. Sec. 29 Twp 29 Rge 21. Mont. I have always paid taxes on 160 acres, and now when I receive my patent I find that we only own 80 acres included in it. Those 80 acres are located on the South side of the Creek, and all improvements I have made are on the North side of the Creek, including House, Barn, Well and all the cultivated land is on the North side also, will you please inform me, what is to become of the North side of the Creek? and Tax Notice for same received already.

Yours very respectfully

John Koschka

In any case, so far as this Branch is concerned, we could not issue patent for the portion north of the creek.

The application and entry for the pre-emption in the North West quarter of this section might also be investigated in case it may also be affected similarly.

N. O. Coté, Esq., I. S. O.,
Controller, Land Patents Branch.

Re N.E. 1/4 9-29-21-W.4th M.

Mr. John Teschler who obtained homestead entry on the 22nd of April, 1913, on the quarter section, complains that the patent which was issued to him only covered the portion of the quarter section south of the creek, whereas all improvements made by him are on the portion north of the creek; he further states that he has been taxed for the full area of the quarter section.

The portion north of the creek is held under a closed lease by the West View Ranch Co., and not open to homestead entry or sale.

This quarter section was formerly the homestead entry of C. O. Paulson whose entry was cancelled on the 2nd of June, 1909, and the Agent of Dominion Lands was advised on the 17th of March, 1911, that the only portion of the quarter section available for entry was the portion south of the creek. You will observe that the entry granted to Mr. Teschler was subsequent to this date, and that the entry papers do not specify what portion he obtained entry for.

The homestead Inspector made a report in connection with the application for patent, as to the improvements, etc., of Mr. Teschler, but made no mention as to the position of the improvements.

It is not clear why the application for patent was approved for the whole quarter section when the Agent knew that the portion north of the creek was not available for entry, and he must have known that Mr. Teschler was living on and had improved that portion.

As the matter now stands the homesteader has a patent for land which he is not homesteading on and has not improved, though it was the only portion which the Agent had authority to grant entry for.

Mr. John Teschler in 1913 was granted entry for the N.E.¼ of Section 9, patent being subsequently issued to him for that portion lying south of the Kneehills Creek only, while it appears his improvements are located on the portion lying north of the creek.

Mr. Teschler, also, in April 1913 was granted pre-emption entry for the N.W.¼ of the Section in question, the entry apparently covering the whole quarter section.

Gentlemen,

In further reference to your letter of the 17th October last, file No. 45353/58160, relating to your enquiry respecting the S.½ of section 2, Township 21, Range 21, West of the Fourth Principal, I beg to inform you that at the time Mr. John Strobler applied for homestead and pre-emption entries for the said section, that portion lying North of the creek only was available for homestead as the land lying north of the creek is included in the lease of Range 1176, which lease does not expire until 1924, the settlement is not in a position to further consider Mr. Strobler's application to acquire the said portion lying north of the creek.

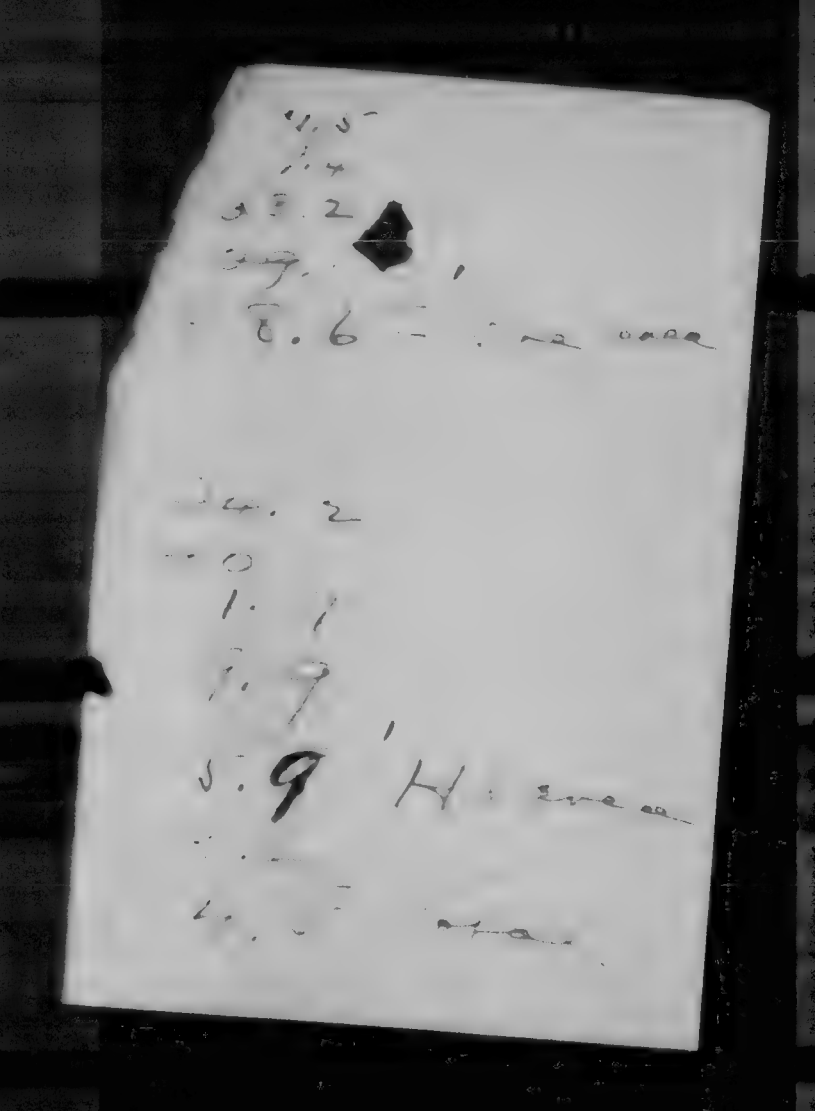
Dear Sir: -



Re: John Teschler, our file
4[illegible]99 PTL

We have your letterof the 3rd instant. It seems rather singular that the Lease of Ranch 2276, which Lease does not expire until 1924, was not pointed out to Mr. Teschler at the time he homesteaded and pre-empted this property.

All the correspondence and Certificate which he received for the payment of his money and the receipt, all appear as if the whole entire land was opne and he was given homestead and pre-emption privileges on the same. Correspondence with the Homestead Inspector, with the Assistant Secretary, and all other correspondence which Mr. Teschler had and which ison our file at present, make no mention that the full half section is not open and that he is not given the privilege of filing on the entire quarter section.

In view of these circumstances, and in view of the fact that we do not think that Teschler has been negligent, we think that it is rather a hardship on him not to get the balance of this land.

Now what we desire to have the Department do is this,- either give Mr. Teschler some assurance that, at the expiry of the Lease in 1924, the Department will give Mr. Teschler that portion of land lying North of the Creek, or, if they are unable to do this, they can treat the land, which they can give him as 160 acres and treat

Mr. Teschler's behalf and in a recent communication, on said file 1840513, request that the Department give Mr. Teschler assurance that at the date of the expiration of the lease of Ranche 2276 in 1924 he would be given the said portion lying north of the creek, or if unable to grant this request that they treat the portions lying south of the creek as a homestead and issue patent to him therefor on such basis. I would point out in this connection that Mr. Teschler has paid in connection with his pre-emption entry as principal and interest $230.30, and still owes thereon $257.39.

The Department is not in a position to grant the first request as the said Ranche has recently been cancelled and I understand has been acquired by the Soldier Settlement Board. In the event of the alternative request being granted, it would appear necessary to refund to Mr. Teschler the amount paid by him in connection with his pre-emption entry. This action is, however, distinctly contrary to the present departmental practice and could only be taken as a special case with the approval of the Minister.

The portion included in Ranche 2276 is shown on the sketch attached coloured green.

Respectfully submitted,

Acting Controller.

Memorandum:

I beg to return herewith your reference No. 1886 and to inform you that Mr. John Toschler in 1913 was granted homestead entry for the N.W. of Section 9, Township 29, Range 21, West of the Fourth Meridian, patent being subsequently issued to him for that portion lying south of Pinchbill Creek only.

Mr. Toschler also in 1913 was granted pre-emption entry for the N.E. of said Section 9, the entry currently covering the whole quarter section.

That portion of the said N.E. of the section in question lying north of the creek was, however, when the entries above referred to were made, included in Lease 2276, held under lease by the West View Ranch Company, known latterly as the Bone Ranch.

The said Company was asked if they would relinquish their leasehold of the portion of said Section 9 lying north of the creek, and in their letter of the 2nd May, 1918, advised that they had been informed on good authority that Mr. Toschler is a German and that any money that he might gain through the acquisition of the land in question would be used to help the enemy in the present war. Under the circumstances, the Company declined to relinquish the land and in accordance with the decision as endorsed on Mr. Caldwell's memorandum of the 11th May, 1918, on file 1 4[illegible]13, Mr. Toschler was advised that the Department was not in a position to grant his application to acquire the portion north of the creek.

Dear Sirs:

Your letter received and note contents, also copy of Gen. of Interior, and I can't understand why they do not mention of my filing on the whole ½ section and also of receiving payment on same. They never mention anything about returning same nor do they ever say anything about the Taxes.

Our neighbor, a Mr. Tarbuck, filed on his homestead 2 years after me and his land lies all on north side of the creek and he received his patent in 1919 already and another neighbor Mr. Joe Hezzlett has his homestead right on the lease and in 1917 he was given a pre-emption that lies north of his homestead and also in lease 2276. The land Mr. Hezzlett received is a No. 1 while the land I was supposed to have is surrounded by high cut-banks and thick with brush, which takes the largest part of the land and leaves only about 80 acres of good land for cultivating (in patches along the creek). Enclosed you will find a sketch showing the location on creek and cut banks on the land, and our home, barn and chickenhouse is all on the north side of the creek it is the only suitable place for building purposes as we could not build on low places (creek will run over every spring).

We have had quite a lot of trouble and hard work also in clearing brush so as to have enough land to work in order to make a living and raise enough to keep our team and milk cows, and I think we deserve to have the whole and not only half.

Yours very truly,

V.1 9-29-21 W.4th 1.

It has been decided to confine the entries of John Fencker to the land lying to the south of the river.

In view of the evident error on the part of our Agent in granting entry to cover both sides of the river, it has been decided that Mr. Fencker's homestead entry might be made to cover the whole of the fraction south of the river, but it will require to pay for the excess area, 14.9 acres, at the rate of $3.00 per acre, the usual price in such cases. This money might be deducted from the payments that have already been made in connection with the pre-emption and any excess with the Department should be refunded.

MEMORANDUM: Mr. York:

Please note sketch of Section 9, Township 29, Range 21, West of the 4th Meridian, hereunder.

One, John Teschler, secured patent under date 11th July, 1917, of that portion of the Northeast quarter, south of the river, with an area of 86.20 acres. The area of the portion of the North half of this section, south of the river, is 174.90 acres, which is 14.90 acres over the area of the quarter-section. As per HO. files herewith covering the two quarters in this half-section, sufficient land is being added to his homestead to make up the 160 acres, and the balance of 14.90 acres of this half-section, south of the river, is to be sold to him at $3.00 an acre, the excess area is to complete his homestead, and the additional 8.90 acres have been patented to him.

I, therefore, beg to submit for your consideration a report received from Messrs. Lougheed, Bennett and Company, Barristers, of Calgary, Alberta, that Teschler has apparently cut from the portion of this half-section not yet patented to him, 8000 feet of timber 5 inches at the butt end, which he manufactured into "spruce dinky ties", which he sold for $500.00. His legal representatives state that as he is obtaining patent on the land from which this timber was cut they presume no duties will be charged. 8000 lineal feet would produce 1000 ties, 8 feet long, which if hewn would require payment of dues to the amount of $30.00, and if sawn would require payment of dues to the amount of $60.00; as to what amount would be charged under ordinary circumstances, information on the file gives no advice.

Possibly, however, you may see fit to concur in the suggestion of Messrs. Lougheed, Bennett and Company that no dues should be charged, but in such case I presume they should be written requesting them to call to the attention of their client his transgression of the regulations in the cutting of timber without authority, and warn him that if he ever repeats the offence, seizure [illegible] will be assessed.

[illegible] that the holder of an unpatented [illegible] has not the right to cut timber [illegible] sale on the land unless he takes out a [illegible] and pays dues which amount is refu[illegible] at time of patent. Say that charge of [illegible] waived on condition that he secures within [illegible] reasonable period a patent for the balance [illegible] the land referred to.

In reply to your letter of the 21st April last, re John Teschler, Esq., your File No. 45196/PEM, I beg to advise you that the holder of an unpatented homestead has not the right to cut timber for sale on his land unless he takes out a permit, and pays dues which amount is refunded on receipt of patent, but collection of dues in this instance will be waived providing Mr. Teschler secures patent within a reasonable period covering the balance of the land for which he has made application. As per recent letters addressed to yourselves from this department, such patents will apparently soon be issued, and collection of dues in question will be unnecessary.

MEMORANDUM:

Mr. Scott,
General Check of Records.

Will you kindly see the Patent Branch and secure a sketch showing the position of Kneehill Creek according to the plan which I understand has been filed showing the creek after it has been straightened. This information is required particularly in connection with the North Half of Section 9, Township 29, Range 21, West of the 4th Meridian. You might look into this case and submit a report after consulting Mr. Gliddon as to the complaint of John Teschler that his buildings are situated on the portion of his homestead north of the creek. In this connection please see a letter from Messrs. Loushee , Bennett & Company dated 13th February last, in which the suggestion is made that Mr. Teschler be given the land to the south of the creek on both the north west and north east quarters and treat the same as a homestead. This was practically agreed to, as Mr. Teschler was allowed 160 acres of the part of the north half lying south of the creek as a free homestead and was required to pay for the excess area, some 14 acres.

Messrs. Ewart, Scott & Company, Ottawa, are writing on behalf of Mr. Teschler and urging that he should be given consideration in connection with the portion north of the creek.

You will notice that apparently the Department is considering on file No. 2933253, an application from J.F. Hezlett, to purchase part of the north west of 9, north of the creek.

I would like you to get in touch with Mr. Weld and find out what the Soldier Settlement Board have done in the way of disposition of the part of this half section lying north of the creek, and if it is still undisposed of, you might see whether Mr. Weld would be willing to withdraw it from disposition until the whole matter can be looked into.

In any event I do not think that this Department should deal with Mr. J.F. Hezlett in any way until first a clear understanding has been arrived at, as to Mr. Teschler's rights in case it is found possible to secure the part north of the creek from the Soldier Settlement Board. From a hurried examination of the

[illegible] portion of the half section. [illegible] should be [illegible] for his improvements.

The Company is of course only interested to the extent [illegible] to know with whom to deal for the right of way [illegible] stream diversion in these quarter sections [illegible] both North and South of the creek. If the Department will accept transfers of these without further payment to the Crown, the Company can [illegible] forward such transfers.

The proposed diversion and straightening of the creek is shown on a plan which was filed with the Patents Branch of your Department about a year ago.

We have the honour to be, Sir

Your obedient servants,

Attention Mr. Hall

Sir,- Re Kneehill Creek
North half 9-29-21 West 4th

Confirming conversation of today, we beg to say as follows:- We were informed by the Patents Branch that portions of the above half section North of Kneehill Creek had been reserved for the Soldiers' Settlement Board, and that the part South of the Creek was the entry of Teschler. Mr. P. McPherson, the Land & Tax Agent of the C.P.R. has just been on the land and Mr. John Teschler and he reports that Teschler claims under the above homestead entry for the N.E. of 9 and pre-emption entry for the N.W. of 9 and that his application was accepted, but that now your Department is urging him to release the portion of the half section lying North of the creek. Mr. McPherson states that to force Teschler to release the part North of the creek would be a very great hardship on him as his buildings and practically all of his improvements are on the portion North of the creek. At the very least therefore, it he is forced to

The Canadian Pacific Railway Company intend building their road through this half section and what is now required is a plan from the Company showing the right-of-way and also a plan from the Surveyor General showing the course of the creek after the straightening process has been completed. Mr. Sheppard of the Land Patents Branch informs me that these plans have not yet been received.

In conversation with Mr. Weld of the Soldier Settlement Board, he informed me that, if the circumstances surrounding Mr. Teschler's case were represented to the Board the latter would take under consideration the question of relinquishing conditionally or unconditionally their claim to the parcel in question. Mr. Weld was of the opinion that as the Board had to pay for the land they would be justified in requiring a nominal payment for the land - say $3.00 per acre plus cost of land to Board.

In view of the foregoing, I would suggest that a Homestead Inspector be instructed to visit the land and report what improvements Mr. Teschler had made upon the part North of creek and show by sketch exactly where such improvements are located; also that the Soldier Settlement Board be fully informed in regard to Mr. Teschler's claim and requested to inform the Department whether they would be willing to relinquish the land and upon what conditions, if any.

When the Inspector's report has been received and the Soldier Settlement Board have been heard from, Mr. Teschler's claim could be given further consideration.

Mr. J. K. Hezlett has also made application to purchase the fractional North West quarter North of the creek which adjoins his patented land the South West quarter of Section 16 in the same township. I do not think, however, that this claim should be given consideration until Mr. Teschler's claim has been finally settled.

Mr. Hezlett was informed on the 25th ultimo that his application was receiving consideration and he might now be informed that the land is not at present available.

L. Stott

on condition he paid for excess area of 14.9 acres at the rate of $3.00 per acre which sum could be deducted from the amount Mr. Teschler had already paid on account of his pre-emption.

Upon being asked whether such an arrangement would be satisfactory Mr. Teschler wanted to know the exact location of the 14.9 acres which he would have to pay for and he was informed that this excess area did not comprise any particular portion of the parcel but was merely the excess over 160 acres. He was also requested again to say definitely whether the arrangement was satisfactory to him.

Mr. Teschler has not yet informed the Department that he is satisfied with the arrangement. Therefore the arrangement has not been proceeded with.

It would appear from your memorandum that Mr. Teschler has now written the Department through Messrs. Ewart, Scott and Company, Ottawa, asking for consideration in connection with that portion of the half section North of the creek.

Last spring the Soldier Settlement Board secured by purchase the land included in the West View Ranche but in a letter, dated 27th March, 1920, on file 4232068, regarding the transfer of the lands to the Board, they were informed that in order to avoid future complications certain parcels, of which the portion of this half section North of Creek was one, would not be transferred to Board for time being - or until the survey of the changed creek had been completed.

Kneehill Creek, which was formerly part of the southern boundary of the West View Ranche, is in course of being straightened in order to facilitate the building of a railway.

In a letter dated the 25th September, 1917, Mr. Teschler claimed to have built his house, barn, and performed his cultivation duties on the part North of the Creek, but there is nothing on these files to show just where such improvements are located.

In view of the Agent's error, I think Mr. Teschler has a fair claim to the part North of the creek and if the Soldier Settlement Board would agree to relinquish their claim to the land it might be disposed of to Mr. Teschler in some manner, subject, of course to C.P.R. right-of-way and to a proper survey and description of the land after the creek has been straightened.

Mr. Hume.

W.½ 9-29-21 W. 4th M.
Claim of John Teschler to portion North of Kneehill Creek.
Application of J.K. Hezlett to purchase portion of North West quarter North of Creek.

On the 25th April, 1913, the Agent gave Mr. Teschler homestead entry for the whole of the North East quarter and pre-emption entry for the whole of the North West quarter. This was an error as the part North of Creek was then included in a closed lease to the West View Ranche Company.

Mr. Teschler eventually applied for patent for the whole of the North East quarter, his homestead, and on the 11th July, 1917, a patent was issued covering the part South of Creek.

Mr. Teschler then protested that he had understood up to the time of receiving advice of patent that he held the whole of the half section and he claimed his improvements had been made on the part North of Creek.

The West View Ranche Company was then asked whether they would relinquish the part North of Creek but they refused on the ground that Mr. Teschler was a German.

Early this year Messrs. Lougheed, Bennett and Company on behalf of Mr. Teschler asked whether the Department would give him all that portion South of the Creek as a homestead and it was decided, in view of the Agent's error, to allow Mr. Teschler's homestead to cover the whole of the half section South of creek (174.9 acres).

-on-

it is possible for the Board to relinquish any possible claim so far as the part of this half section north of the creek is concerned, thus leaving this Department free to deal with Mr. Teschler, if so decided later, on the basis of the entries originally granted to him covering the whole half section.

Claim of John Teschler
to portion North of Meehill

I spoke to you about this same over the telephone yesterday. This Department granted Teschler entries for the whole of the above mentioned half section. Mr. Teschler has completed the duties for the homestead.

At the time such entries were granted, the part of the half section lying to the north of the creek was not available, being included in the lease to the West View Ranche Company.

The Soldier Settlement Board having bought out the Ranche Company, steps were taken some months ago, as you will remember, to transfer to the control of your Board as much as possible of the area formerly included in the lease.

Certain parcels along Meehill Creek were in a somewhat exceptional position, owing to the proposal to straighten the creek and you were advised by letter of the 27th March, 1920, that the N. ½ 9-29-21-W. 4th M., would not be transferred to the Board.

It now appears that Mr. Teschler has a claim to the whole half section, which should be considered. Would you kindly look into this matter and say whether it

Re part N.W. 9-20-21-W.4th M.

As you have been dealing with this case in connection with the Teachler claim thereto, you will probably wish also to deal with Mr. Hezlett's letter of the 10th ultimo.

Mr. Hezlett claims he has been using the land for sixteen years and has fenced in a Spring lying North of the Creek and located near some of his buildings - the latter presumably on his own land, the South West quarter of Section 16. He claims the West View Ranche Company, gave him permission to use the land.

In a report on the quarter section by a Homestead Inspector in June, 1917, no mention is made of Mr. Hezlett or of the improvements affected by him.

Mr. Hezlett has no legal claim to the parcel which must be recognized.

Mr. Teschler has a strong claim to the land, and against the Department, in that he was actually given an entry for it and if the Soldier Settlement Board is good enough to relinquish the land in favour of Mr. Teschler we could deal with Teschler only, and if he did not secure the land it would have to be returned to the Board - in which event Mr. Hezlett would have to apply to the Board for the land.

Should Mr. Teschler secure the land, Mr. Hezlett would still be able to use the Spring. Section 8, of the Dominion Land Act, does not give the entrant ~~of a quarter section~~ exclusive rights or privileges to a Spring, etc.

Mr. Hezlett might be informed again that his application cannot be given consideration as there are other applicants who have prior right to the land.

I think a Homestead Inspector should be instructed to visit the whole of the North half, North of the Creek, in Section 9, and report fully as to its character, improvements, and by whom such improvements were made, etc.

This land was formerly included in lease to the West View Ranche Company. The land in the lease was disposed of last Spring to the Soldier Settlement Board for a consideration. The portion of this quarter section, North of the Creek, was in an exceptional position owing to the proposal to straighten the Creek, and the Board was informed that this particular parcel could not be transferred for the time being.

In April, 1913, the Agent, in error, gave Mr. John Teschler a pre-emption entry for the whole of the quarter section, i.e., land North and South of Creek.

Mr. Teschler understood, until quite recently, that he held the whole of the quarter section and when his application to have his entry confirmed was brought to the attention of the Department, last month, by his lawyers, Messrs Swart, Scott, Kelley and Kelley, it was decided to ask the Soldier Settlement Board if, under the circumstances, they would relinquish their claim to the portion North of the Creek in order that Mr. Teschler might have the land. The Board has not yet been heard from.

Sir,

Referring to your file 4[illegible] and 4[illegible], relating to the North half of Section 9, Township 39, Range 21, West of the 4th Meridian, I am to say that an application has been received from Mr. J. H. Heslett for that portion of the North west quarter North of the creek. He claims to have made certain improvements on the land.

In view of all the circumstances it is considered viable to have a Commissioned Inspector visit the North half of Section 9, North of the Creek and report very fully regarding the character of the land, its value, what improvements have been made thereon, when such improvements were made and by whom they were made.

Please issue the necessary instructions to the Inspector and have him attend to the matter as soon as possible. You should advise the Inspector to go very carefully over the whole of the North half of this section lying North of the Creek, and furnish a sketch showing the location of any improvements he may find on the land.

Your obedient servant,

Assistant Secretary.

The Agent of Dominion Lands,

Calgary, Alberta.

ahead with the arrangement referred to on the strength of his recent letter. Possibly you may consider it advisable to have Mr. Teschler's acceptance in the shape of a Statutory Declaration. The subject matter of such a declaration could be drawn up for him on Form #59, and the form could be sent to him for completion. He should also be required to declare that by accepting this arrangement he relinquishes any claim he may have to that portion of the half-section, North of Creek - also that he is aware he cannot now take up a pre-emption or purchase elsewhere.

Homestead Inspector Woodlock reported on the 20th July last that Mr. Teschler informed him "he would show the "Department something if they did "not give him patent for 320 acres."

Mr. J. K. Hezlett, owner of the South West quarter of Section 16, is anxious to purchase that portion of the North West quarter of Section 9, North of the Creek in order to secure water for his stock, but he was recently informed that other applicants had a prior right to the land.

In view of Mr. Teschler's acceptance of the portion South of the Creek should we not write the Soldier Settlement Board withdrawing the request that the Board relinquish their claim to the land. As a matter of fact this land, with certain other parcels, has not yet been transferred to the Board pending the completion of the work of straightening the Creek. Now that Mr. Teschler has dropped his claim to the portion North of Creek the Soldier Settlement Board has the best claim to land and the land will probably be transferred to them eventually - in which event Mr. Hezlett will have to deal with Board.

Dominion Lands Branch,
Stephen Bldg.

Teschler's homestead to cover the whole of the half-section, South of the Creek, (174.90 acres) on condition he paid for the excess area of 14.9 acres at rate of $3.00 per acre to be deducted from the payments already made in connection with the pre-emption and the excess ($185.60) refunded to him.

Mr. Teschler was asked whether such an arrangement would be satisfactory and he wanted to know the exact location of the 14.9 acres which he would have to pay for. He was informed that this excess area did not comprise any particular portion but was merely the excess over the 160 acres. He was also asked to inform the Department definitely whether he accepted this arrangement.

On the 30th October Messrs. Ewart, Scott and Company, Barristers, Ottawa, wrote on behalf of Mr. Teschler asking whether his entries for the whole of the North half of this section could not be confirmed and, as he had a good claim to the land in view of the Agent's error, it was decided to write the Soldier Settlement Board asking them whether under the circumstances they would forego any claim they had to the portion of the half section North of the Creek, but no reply from the Board has been received.

A letter from Mr. Teschler dated the 16th ultimo has just been brought to the attention of the Department. In it he states he has decided to accept the offer of the Department of allowing his homestead entry to cover the whole of the half section South of the Creek and he asks that a refund cheque for $185.60 be issued in his favour. This is the amount he paid towards his pre-emption, less the amount he is required to pay for excess area.

When this offer was first made to him he appeared to accept it but he wanted information regarding the location of the 14.9 acres excess area and later he evidently changed his mind and renewed his request to have his homestead and pre-emption entries for the whole of the North half confirmed.

In case Mr. Teschler should change his mind again do you consider the Department would be justified in going

John Teschler.

In April, 1913, the Agent gave Mr. Teschler a homestead entry for the whole of the North East quarter and pre-emption entry for the whole of the North West quarter. This was a mistake as that portion of the two quarters North of Creek was at that time included in a closed lease to the West View Ranche Company.

In 1917 he applied for patent for his homestead, the North East quarter, and in July of that year patent covering portion South of the Creek was issued in his favour.

Mr. Teschler then protested that up to the time of receiving advice of issue of patent he believed he held the whole of this half section and he claimed to have made improvements on the portion North of the Creek.

The West View Ranche Company was then communicated with and they refused to relinquish the portion North of the Creek on the ground that Mr. Teschler was German.

Early this year Messrs. Lougheed, Bennett and Company, writing on behalf of Mr. Teschler, asked whether the Department would give him all that portion of the half-section South of the Creek as a homestead, and it was decided (see memorandum from Deputy Minister's Office dated 11th March, 192[illegible], marked) in view of the Agent's error, to allow Mr.

General Remarks Continued:—

These improvements were made by Mr. John Jeschke.

As Mr. Teschler has evidently relinquished his claim to the half section North of the creek the land might go to the Soldier Settlement Board who agreed to relinquish their claim in order that Mr. Teschler might secure the land. I might point out that although the parcel was in the West View Ranche Company's lease it has not been definitely handed over to the Board, with other lands in the leasehold, pending the straightening of the creek, which is in progress.

Assuming the land belongs to the Board Mr. Hazlett will have to deal with them in regard to his claim. If, however, you consider Mr. Hazlett has a good claim to the North West quarter North of creek on which he has made valuable improvements and that he might be permitted to purchase the land as a fractional area, the Board might be asked if they will forego their claim in favour of Mr. Hazlett.

As Mr. Teschler's claim has been satisfied the North East quarter, North of Creek should be handed over to the Board when the Creek has been straightened. It is just possible, but not probable, that Mr. Teschler, who has made certain improvements on the land, might wish to purchase it as a fractional area adjoining his homestead but I do not consider it necessary for the Department to suggest this to him. It is a matter he can take up with the Board.

Claim of J. K. Hezlett.

Mr. Hezlett wants to purchase the North West quarter North of Creek which adjoins his patented homestead the South West quarter of Section 16. He claims that he was on this land before it was surveyed and that the West View Ranche Company permitted him to use the parcel.

Homestead Inspecter Woodlock in reports he has made on the land favours Mr. Hezlett in his claim to the North West quarter, North of creek. In his recent report on this parcel he represents the following improvements have been made by Mr. Hezlett:-

Fencing.....	$100
Piping and tank to hold water from spring which is on land	300
Coral.....	50
"	25
Hog Pen.....	35

The Inspector's remarks are as follows:-

"Improvements put there by Mr. J. K. "Hezlett year 1906 & 1907. Said spring "unapproachable only by going through "Hezlett's land and this spring is the only "source of water supply Hezlett has for "Ranche. Has 600 head horned cattle, about "80 horses, and a bunch of hogs. About ten "acres could be cultivated on top of hill, "balance outbanks. He has made a path for "stock to come down to the water. Water "tanks about 100 feet from the level of the "creek. C.P. Road runs through the Creek "South of the Spring.

"Said spring, according to survey "is on road allowance but never will be "opened up as it must be from 250, to 300 "feet, almost perpendicular. Cattle could "not come down only path is on a triangle.

"Said land butts on to Pope Lease "on the North and on the South by Knee Hill "Creek and C.P.Road. Said land is of no use "to any one else. Only ten acres on top and "in flat is Creek bottom. East and West are "all cut bank and draws as I said before from "250 to 300 ft.

"From what I could learn Mr. Hezlett "wants to buy this land for the water privileges. "The land is useless for anything else but this "spring.

"I consider $3.00 an acre good price for "it and would recommend he be allowed to pur- "chase same."

of 14.9 acres at rate of $3.00 per acre to be deducted from the payments already made in connection with the pre-emption and the excess $185.60 refunded to him.

Last October Messrs. Ewart, Scott and Company of Ottawa asked whether Mr. Teschler's entries for the whole of the section could not be confirmed. As the land North of the Creek belonged to the Soldier Settlement Board, the Board was asked whether under the circumstances they would be willing to relinquish and this month the Board informed the Department that they were willing to relinquish in favour of Mr. Teschler.

On the 16th November, however, Mr. Teschler wrote the Department stating clearly that he had decided to accept the offer of the Department of having his homestead cover the whole of the portion South of the Creek and he asked for a refund of $185.60 -- the amount he paid towards his pre-emption, less the amount he is required to pay for excess area.

When submitting the case on the 22rd ultimo, I suggested in case Mr. Teschler changed his mind again that he be required to state his wishes clearly in a statutory declaration, but you made a note that we would be warranted in dealing with Mr. Teschler on the basis of his last letter of the 16th November. You were also of the opinion that the case might be held over until the Inspector had furnished a report regarding the improvements on the portion of the half section North of Creek.

The Inspector's report dated 3rd instant sets out that Mr. Teschler has no improvements on the North West quarter North of Creek -- that all the improvements thereon have been made by Mr. J. K. Hazlett.

The Inspector sets out the improvements on the North East quarter North of Creek consist of 15 acres breaking and 10 acres fenced ($50.00). The Inspector represents further that:-

"About thirty acres more could be
"broken on Flat Knee Hill Creek but wouldn't
"grow anything. Railway runs through this
"thirty acres. Cut Banks from 250 to 200
"feet high. No agricultural land on top,
"but on Pope Lease just top of cut banks."

In view of the foregoing, I would suggest that Mr. Teschler's homestead read for the half section South of Creek. He has agreed to this.

Claim of John Teschler.

In April, 1913, the Agent granted Mr. Teschler homestead entry for the whole of North East quarter and pre-emption entry for the whole of the North West quarter. At that time the portion North of the creek was in a closed lease to the West View Ranche Company, and the Agent should not have granted entries for portion North of the creek.

In 1917, Mr. Teschler applied for his homestead patent and he was granted patent for portion South of the Creek. He claims that up to that time he understood he held the whole half section, and he filed a protest.

The West View Ranche Company, who were then communicated with, refused to relinquish the portion North of the creek on the ground that Mr. Teschler was German.

Later on the Soldier Settlement Board secured by purchase the land included in the West View Ranche Company's lease.

Messrs. Lougheed, Bennett and Company, writing on behalf of Mr. Teschler, asked that he be given all of the land in this half section South of the creek as a homestead. This request was granted. The Deputy Minister's Office decided, in view of the Agent's error, to allow Mr. Teschler's homestead to cover the whole of the half section South of the Creek (174.00 acres) on condition he paid for the excess

Referring to your memo of the 31st ultimo, it would appear that the facts regarding Mr. Hazlett's improvements should be brought to the attention of the Commissioner with a view to obtaining a decision as to the sale to Mr. Hazlett in view of his occupation and improvements since 1906 or 1907. The facts in this connection are now laid before the Department for the first time.

As regards that part of the North East quarter, north of the creek, Mr. Teschler's house and orchard, are shown to be located thereon and I think he has the best right to this quarter section but before any further action is taken you will observe that Mr. Sheppard indicates that no final disposition of the land should be made until the survey of the straightening of the creek has been made. [illegible] on my memo of the 1st November, 1920. I think it would be advisable to notify all parties who have been in communication with the Department that before the matter can be submitted it will be necessary to have a plan of survey showing the straightening of the creek in so far as the same affects this half section. The file may then be sent to Mr. Sheppard with a request that he will advise us as soon as the survey has been completed and the plan has been approved.

Sir,

Referring again to your letter of the 15th of November, last, regarding your claim to the North half 9-29-21, West 4th Meridian, I beg to inform you that before your case can be finally considered, it will be necessary for the Department to have a plan of the survey, showing the straightening of the creek, in so far as the same affects this half section. It appears the straightening of the Creek is necessitated by the bringing of a railway through this half section and no further action, regarding the land, can be taken until the process has been completed and the plans have been received in the Department.

As soon as the necessary plans have been received, your case will be given further consideration and you will be communicated with again.

I might add that a report by a Timber Inspector, regarding the improvements effected by you on the North East quarter, north of the Creek, has recently been received in the Department.

The Soldier Settlement Board agreed to relin with the whole of this half section North of Creek in favour of Mr. Heckler and if it is considered that he has not a good claim and it is decided not to allow him to have the orth est quarter North of Creek this parcel should go to the Board unless it is decided to ask the Board if they would be willing to relin uish it in favour of Mr. Heslett who has made valuable improvements on it and who wishes to purchase it as a practical area adjoining his present homestead, or this parcel could be definitely handed over to the Board in which event Mr. Heslett would have to deal with that way.

Claim of J. A. Heslett to N.W. ¼ N. of Creek

Mr. Heslett wants to purchase the portion North of Creek which adjoins his pre-empted homestead the South East quarter of Section 16. He claims to have occupied the land before it was surveyed and that the Rest View Ranche Company permitted him to use the parcel.

Homestead Inspector Woodlock favours Mr. Heslett's claim to this parcel and in a recent report gives him credit for the following improvements:-

Fencing	$100.00
Digging tank to hold water from spring	300.00
Corral	50.00
Corral	25.00
Hog pen	25.00

The Inspector's remarks are as follows:-

"Improvements put there by Mr. "J. A. Heslett year 1906 & 1907. "spring runs Rochelle only by going "through Heslett's land and this spring "is the only source of water supply "Heslett has for Ranche. not clear from the report whether these improvements are North or South of the Creek. In Surveyor's report on this point the matter reads as follows:-

"Improvements consist of

In letters written by Mr. Teschler or letters written on his behalf it was [illegible] Mr. Teschler's improvements were on the north side of the Creek, presumably on the South East quarter.

Messrs. Longhead, Bennett and Company, writing on behalf of Mr. Teschler, asked that he be given the whole of the half section South of the Creek as a homestead and in view of the Agent's error the Deputy Minister's Office decided to allow Mr. Teschler's homestead to cover the half section South of the Creek (174.90 acres) provided he paid for the excess area of 14.9 acres at $3.00 per acre to be deducted from the payment already made in connection with the pre-emption (North West quarter) and the excess $15.00 refunded to him.

In October, 1910, Messrs. Short, Scott and Company, acted on behalf Mr. Teschler's entries for the whole half section asked to be confirmed and the Soldier Settlement Board, under the circumstances, expressed their willingness to relinquish their claim to the portion north of the Creek in favour of Mr. Teschler.

On the 16th November, 1910, Mr. Teschler informed the Department very clearly that he wished to accept the offer of the Department to have his homestead cover the half section South of Creek. This willingness to accept the Departmental offer has been confirmed in subsequent letters from Mr. Teschler.

In view of his strong claim to the land owing to the Agent's error it was decided to hold the matter over until the survey of the changed creek had been completed, as it was thought that possibly something better might be done for him, and it was considered advisable to have a Homestead Inspector furnish a full report on the land.

Inspector Inspector Woodcock on the 3rd of January reported that Mr. Teschler's improvements on the North East quarter consisted of a house (16x20, 15 acres of breaking and 10 acres fencing. It is

In 1917, Mr. Teschler applied for patent for his homestead, the North east quarter, and as his patent read for the portion East of the Creek only he filed a protest.

The West View Coal Company were then asked if they could relinquish the portion North of the Creek but they refused on the ground that Mr. Teschler [illegible] the Land Agent Board already [illegible] in the land but the portion of the [illegible] was not definitely transferred to the Board, pending the straightening of Meehill Creek.

N. ½ 9-29-21. 7. 4th Mer.

Referring to your letter of the 10th of February last, concerning your claim to this half section, I am to say the Department regrets that you have not been written to before now.

In view of the improvements which you appear to have made upon the North East quarter, north of Kneehill Creek, it has been decided to allow your homestead to cover the whole of the North East quarter, i.e., the whole of the North East quarter north and south of Kneehill Creek less deductions for railway right-of-way, etc.

It has also been decided to allow you to retain that portion of the North East quarter, south of the Creek as your pre-emption.

A homestead patent in your favor for that portion south of the Creek in the North East quarter has already been issued and the matter of issuing a new patent covering the whole quarter or a supplementary patent for the portion north of the creek will now be dealt with in another Branch of the Department.

On receipt of this letter kindly inform the Department whether the above offer is satisfactory to you and if so what your intentions are with regard to making a supplementary statement in support of the application for patent you have already made for your pre-emption which comprises that portion of the North East quarter south of the creek.

Gentlemen,

I beg to acknowledge the receipt of your letter of the 28th ultimo, your reference 3-704 on behalf of Mr. John Teuchler of Drumheller, Alberta, in regard to his claim to the North half of Section 9, Township 29, Range 21, West of the 4th Meridian.

Since Knochill Creek was surveyed, recently, Mr. Teuchler's case has been given full consideration and in view of the improvements which he appears to have made upon the North West quarter north of the Creek, it has been decided to allow his homestead to cover the whole of the North West quarter, both north and south of the Creek and also to allow him to obtain the North West quarter south of the Creek as his pre-emption.

The question of writing a new homestead patent to cover the whole of the North West quarter or of issuing a separate patent for the portion north of the Creek owing the necessary deductions for railway right of way, etc., will now be referred to the Land Patents Branch of this Department for action.

Mr. Teuchler has been asked to inform the Department whether this offer is entirely satisfactory to him and to state what his intentions are with regard to completing his application for patent for his pre-emption which is that portion of the North West quarter south of the Creek.

Claim of John Teschler.
. .3. Reference-Letter[illegible]2276.

Last November you were written to in regard to the claim of John Teschler for that portion of his half section north of Knoehill Creek. It was pointed out that Mr. Teschler assumed entries for the whole of the half section in error, as at the time the entries were granted the portion lying north of the creek was not available, being included in the lease to the West View Lumber Company.

The Soldier Settlement Board acquired by purchase the land in this lease. Under the circumstances and as it appeared that Mr. Teschler had made his improvements on that portion of the North West quarter north of the creek, the Board enquired whether under the circumstances they would be willing to relinquish their claim to the portion north of the creek.

In your letter of the 17th of January you informed the Department that the Board was willing to relinquish that portion north of the creek in favor of Mr. Teschler.

The matter of Mr. Teschler's claim has been gone into very fully and it has been decided to allow him to hold the whole of the North West quarter as a homestead and that portion of the North west quarter south of the creek as a pre-emption.

Upon a final investigation by a Homestead Inspector it has been found that one J... Heslett has made valuable improvements upon that portion of the North West quarter north of the creek which adjoins his patented homestead, the North West quarter of section 16 in the same township. The improvements value Mr. Heslett's improvements at over $600.00. Under the circumstances the Department wishes to know whether the Soldier Settlement Board will relinquish their claim to the portion north of the Creek in the North West quarter, thus leaving this Department free to deal with Mr. Heslett.

I wish to refer you to your letter of 11th of November 1920 in this matter and I would be glad to get some definite information with reference to this for my client Mr. Teschler.

Mr. Teschler has just paid all the taxes to the Municipality in connection with all the lands and the Municipality have been collecting these taxes ever since Mr. Teschler went into occupation. I believe. As I pointed out previously my client has expended considerable money on buildings and improvements on this property and he has performed all his duties and cannot understand why the Department should hold back issuing title to him. He requires all the land that is tillable in order to make a living and as a matter of fact if he is not able to secure title to the north portion of this land the rest of it would be of very little use to him.

FRANK T. HAYDEN
BARRISTER SOLICITOR

I cannot conceive any reason why any portion of this land should be reserved for returned men as it does not adjoin any property belonging to returned man and it would be of little value to any one else except in the immediate vicinity. I am given to understand that the rancher adjoining this property is not a returned man but he is attempting to utilize a portion of this property.

I would be glad if you would kindly take up the matter and advise me what arrangements can be made to secure a settlement.

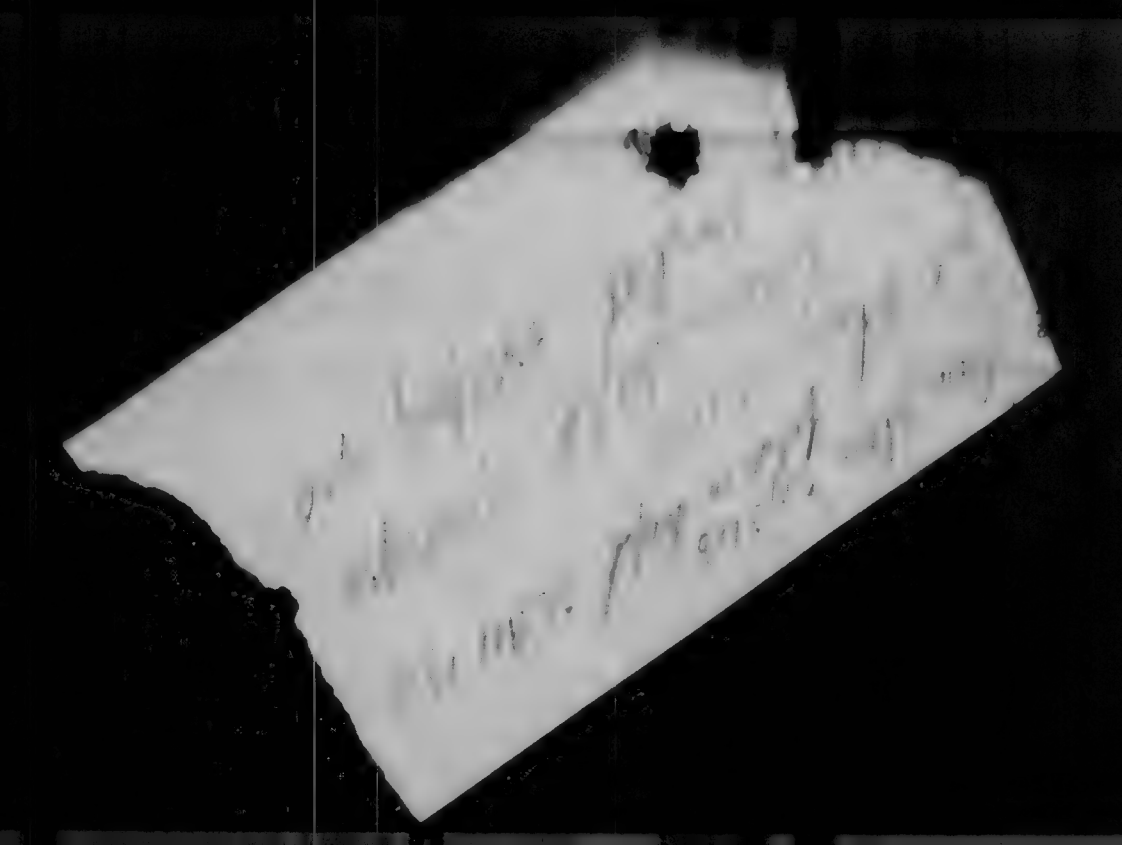
Sir:



Referring to your letter of the 28th ultimo, I beg to say that Mr. Teschler has already been informed of the decision of the Department in this case which is that he is to be allowed to have that portion of the N.E.¼ of the section, north of the creek, added to his homestead and that the patent therefor will be duly issued and further, that his pre-emption entry must be confined to that portion of the N.W.¼ lying south of the creek but in order to issue a patent to Mr. Teschler for the portion of the N.E.¼ north of the creek, it will be necessary to have a special plan prepared on account of the straightening of the creek and moreover, it will be necessary for Mr. Teschler to revest in the Crown in the Right of the Dominion by Duplicate Certificate of Title that portion of the N.E.¼ for which he has received patent in order that a new patent may be issued to him for the portions of the quarter section lying north and south of the creek in accordance with the revised survey of the creek and he is being fully informed in connection therewith.

I may add that in respect of the N.W.¼ representations recently made by Mr. Teschler in connection therewith will be duly considered and he will be advised as to the decision which may be reached in the case.

Your obedient servant,

to whom the portion of the quarter section north of the creek is to be granted. A separate communication in connection with the right of way across this quarter section is being transmitted to you.

I may add that the question of confining Mr. Teschler's pre-emption to the portion south of the creek has again been brought to the attention of the Department by a protest from Mr. Teschler of such action and no final decision has yet been arrived at in connection therewith.

I regret, therefore, that until the question of Mr. Teschler's pre-emption is finally decided patent to the Company for its right of way across the N.W.¼ cannot be proceeded with.

Re Kneehill Creek, N.½ 9-29-21, W.4th Meridian and John Teschler, your file C-704.

Gentlemen:

Referring to your letter of the 30th of October last and the Departmental letter of the 19th of May last, I beg to advise you that Mr. John Teschler has notified the Department that he will accept our offer as to the whole of the N.E.¼ of the above mentioned half section but that he is not satisfied with the decision in regard to the N.W.¼.

The necessary steps will, therefore, be taken to issue a patent to Mr. Teschler for the whole of the N.E.¼, that is to say the portions thereof lying north and south of Kneehill Creek in accordance with the diversion of the creek but in order to do so it will be necessary to prepare a special plan of the quarter section.

The Canadian Pacific Railway Company may either deal with Mr. Teschler in connection with the right of way of the railway after he receives his patent for this quarter section or it may before the issue of the patent file in the Department the transfer from Mr. Teschler to the Company of the land required for right of way of the railway in accordance with the revised location plan of the Acme to Empress Branch of the C.P. Railway, signed by C.D. Brown, D.L.S. on the 15th day of March, A.D., 1920, and of record in the Department of the Interior under No. 30148 and registered in the Land Titles Office, Land Registration District of Southern Alberta, as Instrument No. R.W. 121, and upon the receipt in this Department of such transfer together with the registration fee of $5.00, the patent will then be issued to the Company for the right of way so acquired.

In respect of the N.W.¼ of the section, I may say that you have already filed in this Department a transfer from Mr. Teschler to the Company of the land taken for right of way south of the creek in that quarter section in accordance with the above mentioned plan but I would draw your attention to the fact that Mr. Teschler's pre-emption is confined to that portion of the quarter section south of the creek and the railway right of way lies on both sides of the creek and it has not yet been decided

Sir: Re N.½ 9-29-21. W.4th Meridian.

Referring to your letter of the 21st of May last, in which you state that you will accept the Departmental offer as to the whole of the N.E.¼ to be made to cover your homestead, and that you protest against the decision given in connection with your pre-emption, part of the N.W.¼ south of the creek. In this connection, I may say that in order to make a correct description of the lands to be conveyed to you in the N.E.¼ of the section on account of the straightening of Knechill Creek, it will be necessary for you to first revest in the Crown in the Right of the Dominion by Duplicate Certificate of Title the lands for which you hold patent in that quarter section south of the creek, and upon receipt of the same in the Department the patent will then be issued to you for the portions north and south of the creek according to the revised position thereof.

I may add that the Canadian Pacific Railway Company is desirous of acquiring from you the land required for right of way of the railway across this quarter section and the Department has no objection to your transferring such right of way to the Company and receiving from it compensation therefor and if such transfer is filed in the Department prior to the issue of your patent for this quarter section the area comprised within the right of way will be reserved in the patent.

In respect of the N.W.¼, I may say that your representations will again be laid before the proper officer of this Department who will no doubt correspond with you in the matter.

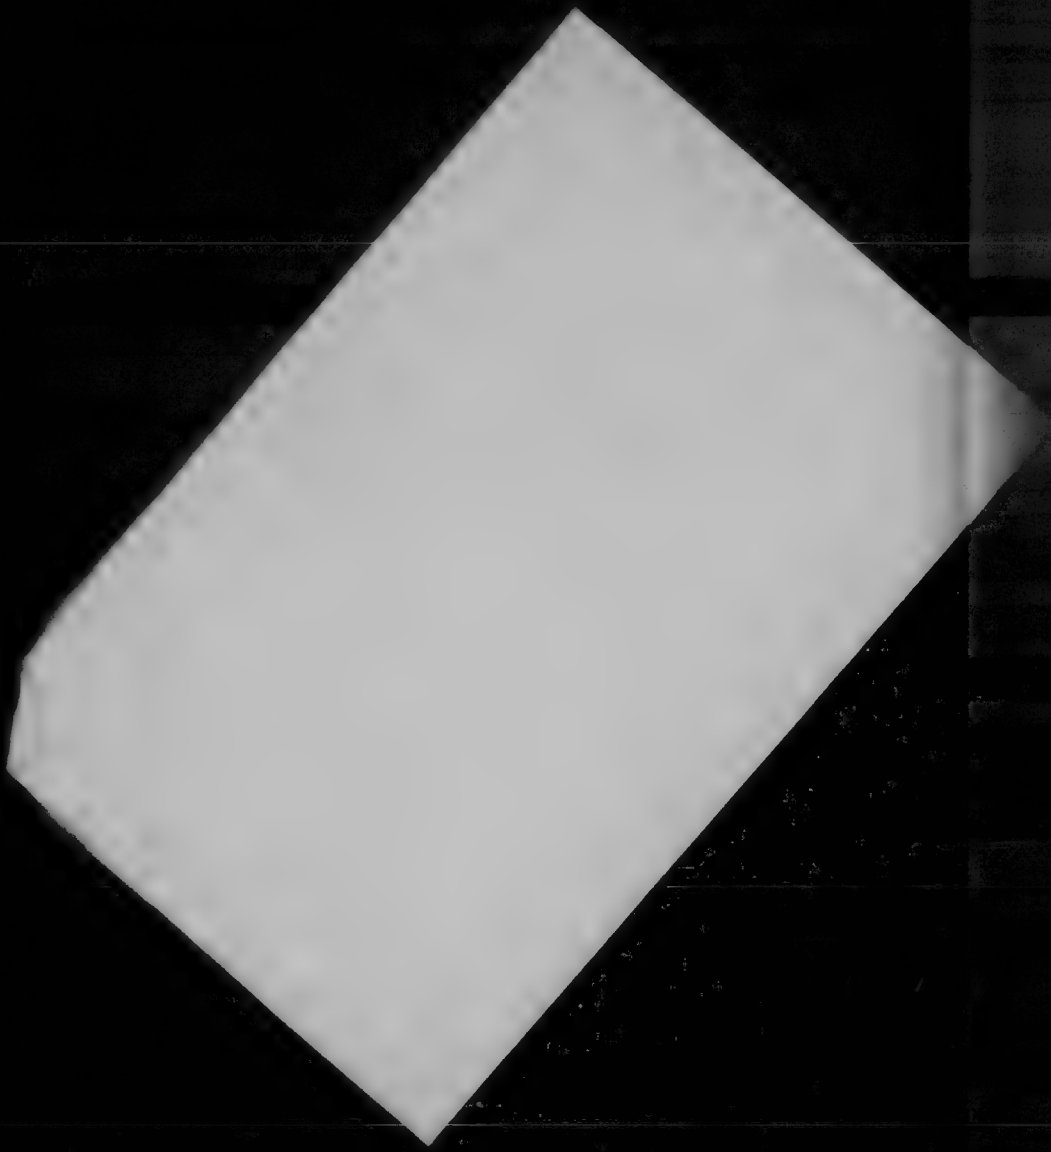
Re Kneehill Creek diversion,
N.W. 9-29-21, W.4th Meridian,
your file C-704.

Gentlemen:



Referring to your letter of the 5th of February last, and that of the 28th of April, in the former of which you transmitted transfer from Teschler to the Company for right of way of the C.P. Railway across the N.W.¼ of section 9-29-21, W.4th Meridian, and a transfer from Teschler to His Majesty the King for the portion of Kneehill Creek diverted, I beg to say that there is no necessity for a payment of a registration fee in connection with the transfer to His Majesty and that a refund to the extent of $1.00 will be made to the Company in due course. The matter of closing out the transaction between Teschler and the Crown is receiving consideration.

In respect of the transfer filed in favour of the Company of that portion of the right of way lying to the south of Kneehill Creek, I may say that it is advisable not to proceed with the issue of a patent to the Company for such portion of the right of way until a final decision is arrived at in respect of the claims of Messrs. Teschler and Heslett to the portion of the quarter section lying north of the creek as the question as to how the right of way lying north of the ~~creek~~ may be conveyed to the Company would depend entirely upon the decision in this case.

MEMORANDUM.

H.L. Hime, Esq.,
Deputy Commissioner of Dominion Lands.

Referring to Mr. Scott's memorandum of the 19th of May last, I beg to say that all the then unanswered correspondence on this file has been replied to and I would draw your attention to Mr. Teschler's letter of the 31st May in which he protests against the decision arrived at by the Department in respect of his pre-emption on the N.W.¼ of section 9. You will observe that in our letter to him of even date he has been informed that the matter is again being considered and that he will be advised in the matter. I believe this is a point which should be dealt with in your office. In this connection, I would refer you to the Departmental letter of the 3rd of February, 1921, addressed to Mr. Heslett and Mr. Heslett's letter to the Agent of Dominion Lands of the 11th of June. In this connection I may say that if it is decided that Mr. Heslett is to be allowed to acquire the portion of this quarter section north of the creek, it will be necessary first to have a special plan made defining this portion on account of the diversion of the creek, and also that as Mr. Heslett's application for this portion was not received until 23rd July, 1920 and the C.N. Railway Company made application for right of way of the railway across this land on the 25th November, 1919, the right of way would have to be reserved out of any grant to be made to Mr. Heslett.

I would also point out that on account of the straightening of the creek a portion of land lying between the present position of the creek and the old position has been cut out by such action from the land which Mr. Teschler was allowed to acquire under his pre-emption. All these points were brought out in order that the claims of both Messrs. Teschler and Heslett may be fully considered.

Mr. Teschler's claims having been investigated and it having been determined that he is only entitled to that area north of Kneehill's Creek being the north east quarter, it is considered that the fractional north west quarter thereon automatically reverted to the Board.

Haslett's claim would not appear to differ in any way from that of any other illegal squatter. He, undoubtedly, made the improvements knowing that he had no right to the same and it is not considered that he is entitled to receive any special consideration in connection with the disposition of this parcel.

Steps are now being taken for having this fractional area made available for sale to eligible soldier settlers and should it be considered that Haslett has a claim for the improvements, such claim should be fully submitted to the Board when the same will be given full consideration.

Please let me hear from you in this connection within the next ten days so as action for the disposition of the lands should not be withheld later than that date as the settler who obtains the same would, no doubt, desire to commence breaking operations during the present season."

The Canadian Pacific Railway has acquired right of way through this half section and the issue of patent therefor is being held up pending a decision in this case.

Mr. Teschler has protested against having his pre-emption entry confined to the North-west quarter, lying south of the Creek, and I would ask your perusal of his letter dated the 31st May, marked.

Apparently this is not a valuable quarter-section being barren in many placed and cut up by the Creek and Canadian Pacific Railway right of way, the banks of the Creek being very steep.

The Soldier Settlement Board are agreeable that Mr. Teschler should have the land but are not prepared to relinquish their claim in favour of Mr. Haslett.

Mr. Teschler's claim to the North-east quarter having been established you may approve that if Mr. Haslett is not to be permitted to acquire that portion of the North-west quarter, north of the Creek, that Mr. Teschler's pre-emption entry should cover the whole of the quarter-section on condition that he pays for the improvements made thereon by Mr. Haslett.

claim to the area north of the Creek in favour of Mr. Teschler, he was asked to revest in the Crown the land patented to him, when patent would be issued in his favour for the whole of the North-east quarter.

The disposition of the North-west quarter is more complicated inasmuch as one J. M. Hazlett is in occupancy of that portion of this quarter-section, north of the Creek, and has made the following improvements according to the Homestead Inspector's report of the 3rd January, 1921. I also quote the Homestead Inspector's remarks:

"Fencing.....$100.00
"Piping and tank to hold water from spring.....$300.00
"Corral..... 50.00
"Corral..... 25.00
"Hog pen..... 35.00

"General remarks.

Improvements put there by Mr. J. M. Hazlett year 1906 and 1907. Said spring unapproachable only by going through Hazlett's land and this spring is the only source of water supply Hazlett has for Ranche. Has 600 head horned cattle, about 80 horses, and a bunch of hogs. About ten acres could be cultivated on top of hill, balance cutbanks. He has made a path for stock to come down to the water. Water tanks about 100 feet from the level of the creed. C.P.road runs through the Creek south of the Spring.

Said Spring, according to survey is on road allowance but never will be opened up as it must be from 250 to 500 feet, almost perpendicular Cattle could not come down only path is on a triangle.

Said land butts on to Pope Lease on the North and on the South by Kneehill Creek and C.P.Road. Said land is of no use to any one else. Only ten acres on top and in flat is creek bottom. East and west are all cutbank and draws as I said before from 250 to 300 feet.

From what I could learn Mr. Hazlett wants to buy this land for the water privileges. The land is useless for anything else but this spring.

I consider $3.00 an acre good price for it and would recommend he be allowed to purchase."

This fractional area adjoins Mr. Hazlett's patented homestead, the South-west quarter of Section 16.

Mr. Hazlett desires to be permitted to purchase the area in question, but in their letter of the 2nd June, the Soldier Settlement Board is not willing to release the land for Mr. Hazlett and I quote herewith an excerpt from their letter:

"When the general question of the disposition of that portion of the N.½ 9-29-21-W.4th lying north of Kneehill Creek was under consideration previously, it was understood that the Department had granted entries for this half section to Mr. Teschler and, for that reason, was in an embarassing position.

"The Board released the fractional area in order to assist the Department in settling with Teschler.

Memorandum,

Mr. Perrin,

Homestead - J. Teschler,

N. W. ¼ 9-29-21-W.4th Mer.,
Lying south of Creek,
Pre-emption - J. Teschler.

I would invite your consideration of a sketch of the above half section attached to Mr. Scott's memorandum of the 11th May, marked.

You will observe the half section is traversed from east to west by Knoehill Creek.

The question for decision is the disposition of that portion of the North-west quarter lying north of the Creek.

The facts of the case briefly are as follows:

The Agent in error granted Mr. J. Teschler homestead and pre-emption entires for the whole half section. The portion of the half section, north of the Creek, was at that time included in a closed lease to the West View Ranche Company.

The entrant filed a protest when patent issued for his homestead covering only the portion of the North-east quarter lying south of the creek.

The Soldier Settlement Board subsequently acquired the land in the leasehold but the portion of this half section north of the Creek was not definitely transferred to the Board pending the straightening of Knoehill Creek. (See N.S. Letter of the 28th Feb last on file 4232068 - marked with slip.)

It was ascertained that the improvements made by Mr. Teschler on his homestead were on the north side of the Creek.

The Deputy Minister approved that the homestead might be allowed to cover the half section lying south of the Creek, provided the entrant pay for the access area at $3.00 per acre and a refund to be made of the monies paid on the pre-emption account.

This arrangement was agreed to by Mr. Teschler but subsequently it was thought a better offer might be made and as the Soldier Settlement Board agreed to relinquish their

claim....

Lying north of Creek,
Your reference 45?5?.

Referring to your letter of the 17th June last enclosing a communication from J. K. Heslett regarding his desire to be permitted to purchase the above described parcel of land, I beg to inform you that Mr. J. Teschler was granted pre-emption entry for that portion of the quarter-section lying south of the creek but owing to a diversion of the creek, a portion of the land covered by the pre-emption entry granted to Mr. Teschler is now to the north of the reconstructed channel and it is not considered advisable that this area should be included in his entry.

Mr. Teschler has made application to have his pre-emption entry cover the whole of the quarter-section but before coming to a decision in the matter, it has been decided to have a Homestead Inspector investigate and report on which legal sub-division the improvements made by Mr. Heslett are located. The Homestead Inspector in making this report might furnish a rough sketch of the quarter-section showing the legal sub-divisions and noting thereon the location of the improvements made by Mr. Heslett.

Kindly issue the necessary instructions and have the report submitted with as little delay as possible.

Dear Sir:

re N½ 9 - 29 - 21 - 4. John Teschler.
File No. 1640513

Referring to your letter of August 26th I now have pleasure and enclose transfer from John Teschler to His Majesty King George the Fifth in the right of the Dominion of Canada for a portion of the North East quarter of section 9 - 29 - 21 - 4W. for which Mr. Teschler has secured title and I also enclose the certificate of title 16715. This will place you in a position to make the necessary adjustments and arrangements so as to give Mr. Teschler a title for his homestead which will include the whole of this quarter section except the portions taken out by the Canadian Pacific Railway Company for right-of-ways and for diverting the creek etc.

With reference to the NW¼ of section 9 which Mr. Teschler claims has his pre-emption I wish to add to what I wrote you before that Mr. Teschler has now been to Calgary and seen the Homestead Inspector and a report will no doubt go forward to your Department from the Inspector in due course. Mr. Teschler can see no reason why he should be deprived of his just rights of securing title to this quarter. If course, if the Department should decide that there is a reason that it would require this land for its own purposes or for the Soldiers Settlement Board in this event the matter, of course, will be placed in entirely different light but so far as we know such is not the case and my client has

Sir:

I beg to acknowledge the receipt of your letter of the 14th ultimo, enclosing Duplicate Certificate of Title in the name of John Tecchler covering the portion of the S.. 9 above described which lies to the south of the right bank of Knockille Creek according to the plan of survey approved on the 27th March, 1919, excepting thereout .61 of an acre transferred to the Crown under Instrument No. 2513 C.. and .4 of an acre and .08 of an acre transferred to the Canadian Pacific Railway Company under Instrument No. 2514 C.. , together with transfer of this property from Mr. Tecchler to His Majesty King George the Fifth in the Right of the Dominion of Canada. Instead of forwarding these documents here you should have sent them to the Registrar of Land Titles, Calgary with a view to obtaining a Duplicate Certificate of Title vesting the land in the Crown in the Right of the Dominion, for, as you will see on referring to my letter to you on this subject dated the 16th ugust last, such a Duplicate Certificate of Title is required to enable the Department to issue letters patent in Mr. Tecchler's favour covering the whole of the land in the S.. 9 according to a plan showing the present position of the creek, less the exceptions above mentioned. Accordingly, the Duplicate Certificate of Title and Transfer furnished are herewith returned.

Regarding Mr. Tecchler's desire to have the portion of the S.. 9 lying north of creek included in his pre-emption entry, I have to advise you that the Agent of Dominion Lands at Calgary was recently instructed to have a Dominion Inspector make an investigation in connection with this parcel and that upon receipt here of the Inspector's report the question of disposing of this particular fraction will be given special consideration. Gentlemen,

Your Ref.C-704.

I beg to inform you that your communications of the 10th ultimo and 13th September last addressed to Mr. W. E. Weld, Superintendent, Loan Review and Records, Soldier Settlement Board, enclosing transfers from John Teschler to the Canadian Pacific Railway Company for right-of-way to the North half of Section 9, Township 29, Range 21, West of the 4th Meridian, and cheque for $6.00 to cover registration fees, have recently been transferred to this Department for attention.

The claim of the Soldier Settlement Board to that portion of the above half section lying north of Knechill Creek has been waived, therefore, the land is now at the disposal of this Department.

The Homestead Inspector's report regarding the claim of a squatter to that portion of the North West quarter north of the Creek has been received and a new plan of the Township showing the diversions of the Creek and the area in the different parcels of land in Section 9 is about to issue, which will place the Department in a position to give the subject matter of your correspondence attention and I will advise you as soon as satisfactory arrangements have been made regarding the disposition of the North West quarter of Section 9.

Your obedient servant,

Assistant Secretary.

Messrs. Smart, Scott, Kelley & Kelley,
Barristers, &c.,
14 Metcalfe Street,
Ottawa.

Attached to the Homestead Inspector's report is a sketch showing the location of the buildings and improvements made by Mr. Hazlett. This portion of the quarter-section would appear to be very rough and of very little value for farming purposes and the Homestead Inspector recommends that it might be sold to Mr. Hazlett at the rate of $3.00 per acre, and if satisfactory to Mr. Hazlett, I would suggest that he be permitted to purchase all that portion, lying north of the ~~creek~~. R of W

If it is decided to withdraw that portion north of the creek from Mr. Teschler's pre-emption entry, the Railway right of way could then be recorded in the books of the Department and the transfer and registration fee returned to the Company's Solicitors. If, however, the area in question is not withdrawn from the entry, I presume it will be necessary to obtain an assignment from Mr. Teschler for that portion of the right of way crossing his pre-emption as shown on the plan.

Messrs. Lougheed, Bennett and Company communicated with the Department on the 1st November last in the interests of Mr. Teschler with regard to having his pre-emption entry cover the whole of the North-west quarter of the section.

Mr. Teschler does not appear to bear a very good reputation in the vicinity, inasmuch as being of German descent he made himself somewhat obnoxious by his utterances during the late war, and I would invite your attention to the remarks made by the Homestead Inspector in his report of the 17th November last regarding the pre-emptor and I would also invite your perusal of a letter from Mr. Douglas under date of the 21st November last wherein he protests against Mr. Teschler having refused him access to the creek by fencing the land.

In memorandum of the 19th ultimo, the Surveyor General advised the Land Patents Branch that a new plan of the township was being prepared, which would show the diversion of Kneehill creek and I presume until this plan is completed, it will not be possible to ascertain the exact area in the two parcels of land in the North-west quarter. However, it might be possible to obtain a sketch plan of the section from the Surveyor General's Branch, which would give this information, should it be desired before a decision can be given with regard to the disposition of the land.

Mr. Teschler is pressing the Department to have his pre-emption cover the whole of the quarter-section. In this connection I might point out that the Soldier Settlement Board made arrangements to purchase that portion of this half section lying north of the creek from the West View Ranche Company for Soldier Settlement purposes. The Board relinquished their claim to the North-east quarter and claim to the North-west quarter has now been waived, (see endorsation from the Commissioner's office on the Acting Deputy Minister's memorandum of the 29th September, marked)

Notwithstanding the claim of the Board has been waived, there is a claim of one, Mr. J. W. Hazlett, who claims squatter's rights in connection with the northern portion of this quarter-section and has made application to purchase the same.

The improvements made by Mr. Hazlett and the Homestead Inspector's remarks regarding this claim are set forth infull in my memorandum of the 9th September last, marked.

In connection with this claim, I would invite your perusal of the memorandum from the Commissioner's office to Mr. Cory dated the 27th September and the Acting Deputy Minister's memorandum of the 29th instructing that a further investigation might be made to determine the Legal Subdivision improved by Mr. Hazlett before a final decision could be given.

The following report has been submitted from Homestead Inspector Woodlock:

> "Referring to your letter of the 10th instant Re the purchasing of the above fractional, I beg to advise you on the 19th instant I made a trip to this land and found improvements to be on Legal Subdivision 13 & 14 as you will see in the sketch attached. I would advise the Department to settle this as soon as possible.
>
> "There is another small fractional about 4 acres north of the creek that Mr. Teschler has culled lately. Some trees I was advised would be 20 inches through at the butt and from 30 to 40 feet high. This man Teschler from what I would learn, is a bad man to have in any settlement. He doesn't seem to have a friend and shouldn't receive any consideration whatever from the Department.
>
> "The C.P.R. has bought his place, just waiting to get Title for it and he is trying to grab everything in sight to sell them. He had Mr. Hazlett in Court for pulling out fence posts that he, Teschler, was putting in on land that didn't belong to him.
>
> "There is a supposed road allowance runs north and south over this creek and up the banks some three or four hundred feet highthat never will be opened up on account of the steep banks and having to cross the creek, but could be used on horse-back and Hazlett and other neighbors used it for visiting one another. Teschler has this fenced up so they can't use it and this is going to cause trouble for as fast as the neighbors tear it down, Teschler puts it up. As this road allowance comes under the Provincial Government, I advised them to take the matter up with that Government."

Attached...

Mr. F. T. Hayden, Barrister, Drumheller, Alberta, acting for Mr. Teschler forwarded to the Land Patents Branch Duplicate Certificate of Title in the name of John Teschler and transfer to the Crown, covering that portion of the North-east quarter of Section 9, lying south of the creek, for which he had been issued patent as a homestead. This document was returned by Mr. Cote with advice that the same should be forwarded to the Registrar of Land Titles in order that the land might again be recorded in the name of the Crown when Letters Patent would then be granted to Mr. Teschler covering the whole of the quarter-section.

Under date of the 2nd ultimo, the Registrar of Land Titles, Calgary, advised Mr. Cote of the receipt of a transfer from John Teschler to His Majesty King George the Fifth of 85.17 acres in the North-east quarter of Section 9, and asking that the registration fee of $5.00 might be sent forward so that the Duplicate Title could be issued. No action would appear to have been taken with regard to this fee and in this connection, I would recommend that the Agent of Dominion Lands, Calgary, might be instructed to forward to the Registrar a cheque for this amount from his contingent account, and on receipt of advice from the Registrar that the land had been revested in the Crown, this Department would then be in a position to issue Letters Patent in favour of Mr. Teschler covering the whole of the quarter-section.

Messrs. Ewart, Scott, Kelly and Kelly, have submitted separate transfers from John Teschler to the Canadian Pacific Railway Company for right-of-way across each quarter-section, enclosing a cheque for $6.00 to cover registration fees. As Mr. Teschler's claim to the North-east quarter would appear to antedate the application of the Railway Company for right-of-way which was not made until October, 1919, and as he has now been considered the rightful applicant for patent for the whole of the North-east quarter it would seem the transfer of right-of-way in the latter quarter-section should be registered in the usual manner.

Mr. Teschler's pre-emption entry is outlined in yellow in a sketch plan of the North-west quarter, which I have marked.

You will observe a diversion of the creek has been made leaving a portion of the pre-emption north of the creek and also north of the right-of-way. The Acting Deputy Minister, in memorandum of the 29th September, suggests that perhaps it might be inadvisable to allow this area to be included in the entry. In order to compensate Mr. Teschler for the loss of this portion of his pre-emption, I would suggest that his entry might be extended to cover all that portion of the quarter-section, lying south of the Railway right-of-way.

I have consulted Mr. Sheppard, Land Patents Branch with regard to this suggestion and he does not think there would be any objection to this arrangement, inasmuch as the creek is no doubt a small stream and fordable almost at any point and could easily be bridged.

Mr. Teschler...

J. R. Haslett (Squatter's claim)

There are several matters for consideration in connection with the above described half section.

Mr. Teschler was granted homestead and pre-emption entries in error for the whole of the half section, inasmuch as that portion north of Kneehill Creek was at that time included in a closed lease to the West View Ranche Company.

Mr. Teschler would appear to have been under the impression that his entries covered the whole of the half section until Letters Patent were granted for his homestead covering that portion of the N. E. ¼ lying south of the creek.

In view of his protest it was decided, after careful consideration of the matter (see the Acting Deputy Minister's memorandum of the 11th March, 1920, marked) to allow his homestead entry to cover the whole of the fractional half section south of the river. Mr. Teschler to pay for the excess area, 14.9 acres at the rate of $3.00 per acre, this sum to be deducted from the payments that had already been made in connection with his pre-emption and an excess to the Department to be refunded.

Subsequently the offer to Mr. Teschler was amended, in view of the fact that his improvements had been made on that portion of the North-east quarter, lying north of the creek, permitting him to reconvey his patented homestead to the Crown when Letters Patent would be granted in his favour covering the whole of the North-east quarter. By this arrangement Mr. Teschler would still hold his pre-emption for that portion of the North-west quarter lying south of the creek.

North of the C.P.R. right-of-way.

I am directed to inform you that it has been decided to permit you to purchase the land above mentioned at the rate of $5.00 per acre, out of regard for the fact that you have been in possession of and made valuable improvements thereon for a considerable number of years. The sale will cover that portion of the quarter-section which lies south of the former bed of Kneehill Creek. You will be further advised in due course regarding the area of the land which it is proposed to allow you to purchase, which, at present, cannot be done owing to the new plan of survey not having been issued.

purposes. In this case the unendorsed cheque in favour of the Board might be returned and the $4.00 paid into the Department by Messrs. Ewart, Scott & Company direct under cover of their letter of the 5th February, 1921, (reference 4493055), refunded. In any case please see your letter of the 26th August, 1921, marked, referring to the question of a refund of $1.00 in favour of the Company.

There is another item of $5.00 which appears to have been remitted by John Teschler under cover of his letter of the 25th October, 1921, marked, although the amount is not mentioned in the letter. This money was received shortly after Mr. Frank T. Hayden, Solicitor for Teschler forwarded transfer from his client in respect to his homestead, see reference 4605101 dated 14th October, 1921, on file 1840513. Since the Department has undertaken to bear the expense of the transfer presumably this money might be refunded but before doing so it might be advisable to write Mr. Hayden for an explanation, as to the circumstances under which it was remitted.

When Surveyor General furnishes you with the new plan of survey, in addition to the issue of patent for the N.E.¼ to Teschler would you please arrange to have Mr. Heslett furnished with a statement as to the area of the land to be sold to him in the N.W.¼ as promised in Head Office letter of this date to him underneath.

Re N.E.¼ 9-29-21, W.4th M.

John Teschler executed a transfer in favour of the Crown in the right of the Dominion in respect to the title issued in his favour as a homestead grant for that portion of the quarter-section South of Kneehill Creek. The Local Agent has been instructed to pay the Registrar's fee of $5.70 out of his contingent account and to forward Duplicate Certificate of Title, on receipt of which you will be in a position to issue patent in favour of Mr. Teschler for the portions of the quarter-sections lying on both sides of the Creek (as diverted) less right-of-way.

Re N.W.¼ 9-29-21, W.4th M.
South of Kneehill Creek.

It has been decided to adjust Mr. Teschler's pre-emption entry to cover that portion of the quarter-section South of the right-of-way, a portion of which is situated north of the Creek, where the Creek lies south of the right-of-way. When this has been done, kindly furnish this office with a statement of the amount overpaid on account of the purchase price, in order that the question of a refund may be considered.

Re N.W.¼ 9-29-21, W.4th M.
North of right-of-way.

It has been decided to make a sale of this land to J.K.Heslett at $5.00 per acre and this might be noted in the usual way.

Before returning the files to this office it is suggested that you take action in connection with the transfers executed by John Teschler in favour of the Canadian Pacific Railway Company in respect to right-of-way which were forwarded to the Soldier Settlement Board by Messrs. Smart, Scott, Kelley & Kelley under cover of their letter of the 11th September last, accompanied by a cheque for $6.00 in favour of the Board. Since Mr. Teschler has reconveyed the area in the N.E.¼ of Section 9, covered by his homestead grant, presumably no assignment in favour of the Railway Company is necessary since in granting a new patent for the homestead, the right-of-way might be excluded, and in adjusting the area of the pre-emption same will not include the area which it is proposed to grant to the Company for right-of-way

Encls.- With reference to the Assistant Secretary's letter to you of the 11th ultimo, herewith is returned transfer from John Teschler to the Canadian Pacific Railway Company covering the portions of the North West quarter of said section 9 lying to the north of Kneehills Creek taken for right of way together with cheque for the sum of $6.00 made out in favour of The Soldier Settlement Board.

This transfer is returned in view of a decision recently arrived at that Mr. Teschler's pre-emption entry should be confined to the land in the North West quarter of section 9 lying south of the railway right of way. In the circumstances it is considered that the Canadian Pacific Railway Company is entitled to a free grant of the particular portions of the right of way covered by the enclosed transfer.

In exchange for the enclosed cheque for $6.00 payable to the Soldier Settlement Board, will you kindly remit to this Department accepted cheque for the sum of $2.00. The following statement will explain why this exchange of cheques is asked for.

Fee for registration of transfer dated 22/10/20 from John Teschler to C.P.R.Company covering portion taken for right of way in N.W.¼ 9 south of creek..... $3.00

Total..... $6.00

Re N.W.: 9-29-21-W.4th M.

Do you not think it advisable to inform Mr. Teschler of the decision reached regarding his pre-emption? You will observe that Messrs. McGiverin, Haydon & Ebbs, Barristers of this city as well as Messrs. Lougheed, Bennett & Company, Barristers of Calgary were in correspondence with the Department regarding this case.

The second sentence of the departmental letter of the 25th ultimo to Mr. Hazlett is hardly correct. No doubt what was intended might have been more accurately expressed by the statement that the sale would cover that portion of the quarter section north of the right of way which lies south of the former bed of the creek or the portion of the quarter section lying between the old bed of the creek and the right of way.

When you are through with the files will you kindly see that they are returned to this Branch.

Referring to your telegram of the 4th instant, in which you imply that the decision of the Department to permit Mr. Heslett to purchase that portion of the quarter-section above mentioned north of the Canadian Pacific Railway right-of-way was arrived at under misapprehension as to the facts, I am directed to inform you that the case has been the subject of very careful and full inquiry on more than one occasion and since it was found that Mr. Heslett was in actual possession of the area involved, insofar as he was making use of it in connection with his own farm prior to date of entry by Mr. Teschler, namely, the 25th April, 1913, and as, moreover, Mr. Teschler in his application for entry made no mention of anyone being in residence or of any improvements, his entry insofar as the same may be said to cover the quarter-section north of the right-of-way, or Knoehill Creek as diverted, has been cancelled as having been obtained under misrepresentation.

However, since it is understood that you are about to make a personal investigation into all the circumstances of the case, the Department is prepared to give same every consideration but inasmuch as Mr. Heslett has already been officially notified of the decision to allow him to purchase the portion of the quarter-section north of the right-of-way this letter must not be construed as conveying any assurance that it will be within the power of the Department to recede from the position taken. It is hoped, therefore, to have your report in hand within the next thirty days or so.

Sir,

Re N.W. 9-29-21. W.4th M.

File No. 2933253 relating to the above mentioned land has been misplaced under unaccountable circumstances, and therefore I am directed to request you to furnish the Department with a complete copy of your file covering this quarter-section.

From information available it appears that this matter was recently investigated by a Homestead Inspector, who in support of his report in that connection submitted a diagram showing the location of certain buildings on the Northern portion of the quarter-section, the property of Mr. J. K. Haslett, and it is desirable that the original duplicate of the Inspector's report and sketch should be submitted with a copy of the documents, you making a copy from his duplicate, which is to be retained on your file as forming part of your records.

Kindly have this matter attended to with the least possible delay.

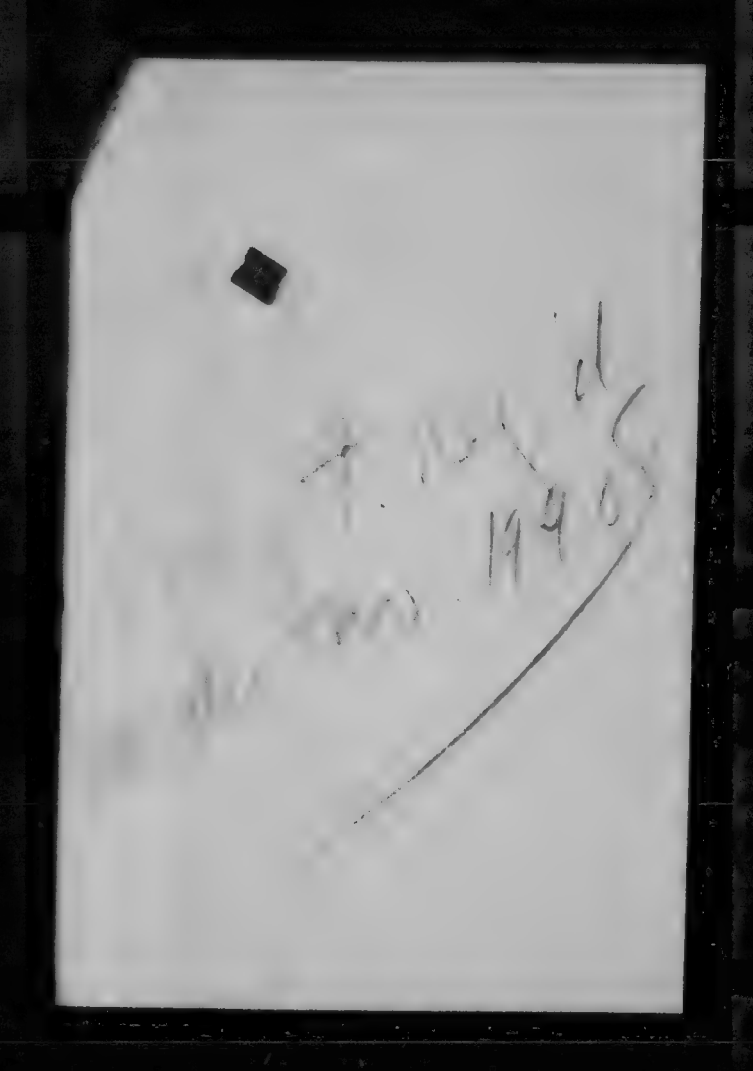
Dear Sir:



Re N.E.¼ and part of L.S.N. 15 of Section 9 Township 29, Range 21, West of 4th. Meridian. John Teschler, Your File 184013.

Mr. John Teschler has brought in your letter to him of May 18th advising him that patent has been issued for a portion of the above land less the right-of-way for the Canadian Pacific Railway. As Mr. Teschler had already entered into an agreement with the C. P. R. to sell this Company the right-of-way I assume that the issuing of the patent of the right-of-way to the C. P. R. will not affect Mr. Teschler's claim for the purchase price.

The C. P. R. I think should pay Mr. Teschler before they secure their title from your Department. Will you please let me know if they have been furnished with the title for the right-of-way.

Sir:-

I beg to acknowledge receipt of your letter of the 7th instant requesting Letters Patent issued on the 15th ultimo in the name of John Teschler covering part of the N.E. of Section 9, Township 29, Range 21, West of the 4th Meridian.

It appears from the statements contained in the memorandum accompanying your letter that your action in returning this patent was due to a misunderstanding. The township plan referred to in the description in the patent is that approved on the 14th January, 1921, not the one approved on the 6th June, 1919, to which reference is made in the second paragraph of your memorandum. The area of the part of the quarter section lying north of the creek as shown on the former plan is 63.2 acres.

You intimate that an exception should be made in the grant for creek diversion of .61 of an acre. Such a reservation would be improper for the use this .61 of an acre is not intended in the description in the patent, such portion being shown as creek on the said township plan approved on the 14th January, 1921.

The .10 of an acre referred to in the final paragraph of your memorandum is set so described in the patent as to constitute an exception. The exceptions are described under "A" and "B", the grants under "Firstly", "Secondly" and "Thirdly".

The patent in this instance would appear to be correct in every detail and I beg to enquire whether, in view of the information herein set out, you will be prepared to register the grant upon its being returned to you.

The description in that Patent is perfectly correct as shown on Plan approved January, 1922. The trouble was that the Township Plan, although it was received some time previous to the Patent, had been sent out to be mounted and no record of it has been kept, as is usually done.

MEMORANDUM FOR FILE.

Apparently a refund of $4.00 is due the C.P.Railway Company. See letter of 2nd February last to Messrs. Ewart et al, on file 1840513, which was not sent. The correspondence relating to the payments made in this connection is on the original of file 2933253, not now obtainable. However, the amounts paid can be ascertained, no doubt, from the Accounts Branch.

When requesting the Railway Company to remit payment for the right of way in this instance, it might be advisable not to refer to the fact that there is now an amount standing to its credit. The question of making a refund can be attended to later unless a request be made that the amount standing to the credit of the Company be applied as part payment of the right of way, in which event, the matter could be looked into immediately.

The fact that the "North quarter" is referred to instead of the North West quarter does not invalidate the transfer as it is obvious it was the intention to refer to the North West quarter since a transfer of the right of way has been filed in the Department from Teschler to the Railway Company covering the right of way in the North East quarter of the section.

Re N.W.T. 9-29- 1-W.4th M.

Please refer to the letter of the 6th ultimo, beneath, from Messrs. Ewart, Scott, Kelley & Kelley, Barristers of this city, requesting that patent be issued to the Canadian Pacific Railway Company covering its right of way through the above quarter section as soon as possible.

The right of way through this quarter section was not patented before this owing to the fact that the conflicting applications of J. Teschler and J. H. Hazlett to secure the part of the quarter section lying to the north of Kneehills Creek were in abeyance. However, a final decision has been reached in respect of these applications, it having been decided recently to include in Mr. Teschler's pre-emption entry the land in the quarter section north of the creek, less the spring and access thereto to be surveyed.

Accordingly the Department is now in a position to deal with the Railway Company in respect of its right of way at this point. The right of way through this quarter section comprises an area of 6.68 acres. Out of this area the Company will be required to pay for 5.80 acres at the pre-emption rate of $3.00 an acre; the balance, viz., .88 of an acre, embraces land which was formerly creek bed and the Company is entitled to such small area as a free grant.

The Department was furnished with a transfer from Mr. Teschler to the Canadian Pacific Railway Company covering the portion of the right of way in this quarter section, shown coloured Pink on the Revised Location Plan of the right of way filed in the Department, but unfortunately this transfer is not on the main edition of file 2933233 which the Registration Branch has been unable to locate after an exhaustive search. However, there is a copy of such transfer attached to file 1840413 herewith and in the circumstances it may be seen fit to refer to this copy in lieu of the original. The registration fee of $3.00 has been paid.

[illegible].

T. W. Ref. 404.

According to the third and last paragraph of your memorandum to Mr. [illegible] dated the 5th June last (enclosed), it is the intention to include in Mr. John Scallion's pre-emption entry the part of the North East quarter of section 9, Township 7, Range 21, West 4th Meridian lying north of Lacelle Creek, less the spring. As you will observe from the copy of the report of Mr. L. H. Miller, D.L.S., dated the 13th instant, attached to Mr. Lewis' memorandum to you of the 21st idem, the spring has been surveyed and embraces one acre. The one-acre parcel laid out is coincident with the north boundary of the section and it therefore fronts on the statutory road allowance.

The pre-emption area to be paid for by Mr. Scallion is 161 acres, less 6.68 acres for railway right of way and one acre for the spring, that is, a net area of 153.32 acres.

Attached is a statement showing the standing of the pre-emption account based on an area of 161.32 acres. It will be out of the question, of course, to consider the issuing of patent until such time as payment for the pre-emption has been completed and application for patent has been made on the customary form and duly approved.

It would appear to be now in order to advise Mr. Scallion as to the grant as to the area covered by the entry as adjusted, and the standing of the account.

I may add that Mr. Scallion transferred to the Dominion Pacific Milling Company the right of way through his pre-emption and that the local solicitors for the Company were recently advised that patent therefor would be issued upon the required payment being remitted.

Respectfully submitted,

T. O. Dory, Esq., C.M.G.,
Deputy Minister of the Interior.

settlers. Touching on this point Mr. Walker makes the following remarks in his report to the Surveyor General on the 13th August last, copy of which will be found on file hereunder;-

"In my opinion, the anxiety of the owner of the N.E.¼ of Section 9 to acquire the N.W.¼ of this section, north of the creek, is not to get title to pasture or farm lands, but to be in the position of being able to force some of the settlers, north of him, to purchase a right-of-way across his property, in order to be able, conveniently, to reach the railway siding which has been recently placed in section 8.

I was informed that last fall, while a number of men, were grading a road down one of the coulees (shewn on the plan) at the direction of one of the municipal councillors, they were stopped by the owner of the N.E.¼ Sec.9, on the plea that it was his land, and had to be paid for before the road could be built.

I would advise that all the area in the N.W.¼ of Sec.9 north of the creek, be reserved, for public use; if however, the Department is committed to giving this area to the owner of the N.E.¼ Sec.9, I would strongly advise that title be not given unless a free right-of-way for a road be granted to enable the settlers above the valley to get down to the siding."

Had this land been unentered for the Provincial Government might have applied to the Department for reservation of right-of-way for a road to the railway siding on Section 8, but I presume in view of the fact that entry for the land may be said to have stood in the name of John Teschler for some years, it will now be necessary for the Provincial Authorities to deal with him unless the Department considers that up until the present time Teschler has no legal right to the land north of Kneehill Creek which was formerly comprised within the "Pope Lease" and that before finally confirming him in his entry in respect to that portion of the quarter-section, the Department would have a perfect right in the public interest to reserve right-of-way for a road. However, from a Departmental standpoint the question may not be considered of sufficient importance to justify the Department taking any action in the matter.

Re N.W.¼ 9-29-21, W.4th M.
Pre-emption - John Teschler.

Referring to the letter dated the 3rd August last, of Mr. E.J.Garland, M.P., to the Deputy Minister, reference 4048 (marked), asking for immediate action in connection with the issue of patent in favour of Teschler, I beg to report that our records show that the entrant made application for patent on the 12th February, 1917, which was received here on the 16th July, 1917, but was not approved.

Unfortunately file No.2933253 has been lost seemingly under peculiar circumstances, and the application for patent with it. There is no evidence in our patent register as to what duties were performed, and consequently the only thing to do is to obtain a fresh application for patent. I would suggest that Superintendent Cuttle might be requested to detail his roadman or a Homestead Inspector other than Mr. Woodlock, to call on Mr. Teschler for this purpose as soon as possible.

This quarter-section is traversed by Knechill Creek and also by a branch of the Canadian Pacific Railway. A spring of good water is also present on the land and to safeguard the interests of certain other settlers in the district the Department has had a special survey made with a view to eliminating a sufficient area about the spring which is to be reserved for the benefit of the community. This survey was recently made by Mr. C.M.Walker, D.L.S., who, on examination, reports that one acre was sufficient to fully protect the spring. A plan of the new survey is now in the printer's hands.

In connection with this matter I deem it advisable to call attention to the remarks of Mr. Walker concerning the necessity, in his opinion, for the reservation of a right-of-way across this land for the benefit of other

Mr. Nash,

Re N.W.¼ 9-29-21, W.4th M.,
Reservation of one acre for spring.

This is the case about which your office recently telephoned me.

In connection therewith I would refer you to my memorandum of the 9th instant to the Surveys Branch relative to new plan of survey being approved and confirmed.

Application for patent on the part of John Teschler who holds pre-emption entry for the available portions of the quarter-section on both sides of Knoshill Creek, has just been sent in by Superintendent Cuttle of Winnipeg. Inasmuch as the Deputy Minister has requested that Mr.Teschler's application for patent should be dealt with as promptly as possible, may I ask you to be good enough to return the files to me as soon as possible for the necessary further action.

Blue print on file does not give the actual area of the quarter-section exclusive of the one acre for spring and right-of-way for the C.P.R., and if you would let me have a sketch showing the area of the quarter-section that will be available for Mr. Teschler, who is required to pay for the land at the rate of $3.00 per acre, we will be in a position to proceed with the case. Head Office file 1840515 also attached hereto, being the papers in connection with the patented homestead of Mr. Teschler for the North East quarter of the same Section.

Agency file No. 45353.

I beg to enclose herewith the application for patent of John Teschler, dated the 23rd October last, made before Mr. B.H.Wright of the office of Superintendent Cuttle of Winnipeg, together with Abstract of Title for the North East quarter of Section 9, Township 29, Range 21, West 4th Meridian, the patented homestead of Mr. Teschler aforesaid.

With regard to the shortage in the area of land under cultivation Mr. Wright reports that in his opinion the cultivation of ten acres of this quarter is equivalent to fifty acres of prairie land. Under the circumstances it has been decided to accept the duties as sufficient and provided you will recommend and return the application for patent with the Certificate of Ownership endorsed in the usual way, the Department is prepared to give the matter further consideration.

Up to the 1st September, 1922, the rate of interest will be five per cent per annum. After that date, interest will be computed on all overdue instalments then remaining unpaid at seven per cent instead of five per cent.

You should take steps to pay off this indebtedness, or at least to substantially reduce the same. Any payments made should be remitted to the Agent of Dominion Lands at Calgary, Alberta.

If for any reason, you are unable to make the payments referred to, or any substantial portion thereof, and desire to mortgage or sell the land with a view to paying off this indebtedness, you may make application to the Agent of Dominion Lands for a Certificate of Recommendation in your favour.

You should distinctly understand, however, that in the event of this Certificate being issued and your subsequently mortgaging or selling the land, any indebtedness to the Department will be a first charge on such transaction, and it will be necessary for you to secure sufficient cash to pay off such indebtedness in full.

12th October, 1928.

Sir,

Re H.E.L. 9-29-21-W.4th M.

I have your letter of the 7th August last in behalf of Josiah K. Heslett of Drumheller, Alberta, in the matter of a dispute which arose some years ago between your client and John Teschler of Drumheller, in respect to the quarter-section above mentioned, and in which you now prefer a claim on his behalf to compensation for alleged improvements on the land.

I may say, in reply, that this matter was made the subject of careful investigation during the month of May, 1922, and the inspecting officer reported that there were no improvements on the area in dispute, namely, the portion of the quarter-section affected by a spring, apart from about seventy-five feet of pipe line and some water troughs, of which Mr. Heslett was credited with being the owner, the latter being without value. It was represented that the water troughs referred to and some of the water supply, being on the road allowance, there was no objection to the disposal of the quarter-section north of Kneehill Creek, provided provision was made for the creation of a reserve to cover the area affected by the spring.

The Department accordingly carried out a special survey in July, 1922, to define on the ground the area which should be so set apart and reserved for water supply purposes, and you will find attached a plan of the survey showing the area in question coloured in red.

Encl.

I may add that John Teschler was granted letters patent on the 6th February, 1923, for all that portion of the North west quarter of Section 9, Township 29, Range 21, west of the 4th Meridian, outlined in yellow, excluding the one acre for spring previously referred to and right-of-way coloured in green on the plan.

Under the circumstances, the question of compensation does not arise herein.
